NEW HAMPSHIRE

Zoning District and Parcel data depicted on this map are based on the Town of Belmont property maps prepared in 2000 by Cartographic Associates, Inc. (CAI), and updated yearly and is current through April 2009. It is intended for reference and planning purposes only and does not represent legal boundary information.

Surface Water and Aquifer data is provided by NH GRANIT and is a digital representation of areal lakes and rivers (Stream Network - HUC 01070002 - Winnepesaukee River; Water Bodies - HUC 01070002 - Winnepesaukee River; d-transmissivity) and is based on USGS 1:24,000 Digital Line Graphs (DLGs). Sources are the US Geological Survey, Complex Systems Research Center and NH Dept. of Environmental Services. Digital data in NH GRANIT represent the efforts of the contributing agencies to record information from the cited source materials. Complex Systems Research Center, under contract to the NH Office of State Planning, and in consultation with cooperating agencies, maintains a continuing program to identify and correct errors in these data. OSP, CSRC, and the cooperating agencies make no claim as to the validity or reliability or to any implied uses of these data.
