TOWN OF BELMONT NEW HAMPSHIRE

Annual Report 2008

Celebrating Winter

Dedication In Memory of

Kier T. Slater
May 10, 1974 – February 9, 2008

This year's Town Report in part is dedicated in memory of Officer Kier T. Slater who passed away on February 9, 2008 of a sudden illness. Officer Slater had been with the Belmont Police Department since 2005 and is remembered for his humor, tenacity, dedication, commitment to his family, friends and the community.

We would also like to dedicate this year's Town Report to former Town Clerk/Tax Collector Carol Lacasse who retired in May 2008. Carol had worked for the Town for 21 years and served as Town Clerk/Tax Collector for the past 9 years. We wish Carol well in her retirement.

Article/Ballot Question #2 – “Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows?”

*This article is submitted by the Planning Board and would rezone a portion of three adjacent tax lots located off Laconia and Brown Hill Roads, east and south of the Tioga River. The lots are listed below:
229-087 Zoned Comm. To be rezoned RSF
230-113 Zoned Comm. To be rezoned Rural
230-113-001 Zoned Comm. To be rezoned Rural. This amendment was requested by owners of the affected tax lots.*

Article/Ballot Question #3 – “Shall the Town vote to discontinue the elected Board of Sewer Commissioners and to vest the duties and powers of the Sewer Commission in the Board of Selectmen pursuant to RSA 149-I.”

This article was submitted by Petition. If this article passes the Commission will be dissolved and the duties and powers of the Commission will be assumed by the Board of

Selectmen effective with the Town's 2010 Annual Town Meeting.

Article/Ballot Question #4 – “Shall the Town vote to expend the income from the John M. Sargent Trust Fund for the purposes recommended by the Sargent Fund Committee?”

St. Joseph's Pantry	\$2,000
Belmont Old Home Day	\$925
Belmont Baseball Organz.	\$475
Cub Scout Pack 65	\$475
Boy Scout Traup 65	\$475
Belmont Girl Scouts	\$975
Heavenly Sonshine Preschool & Daycare	\$100
1 st Baptist Food Pantry	\$2,000
Belmont Historical Society	\$200
Belmont Police Explorer's Toy Program	\$300
Belknap County 4-H Fair	\$500
Belmont NH Heritage Website Support	\$75
Belmont Heritage Comm.	\$500
Total Contribution	\$9,000

Each year Voters determine how to expend the income from this fund for any purpose.

Article/Ballot Question #5 – “Shall the Town vote to raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the Deliberative Session, for the purposes set forth herein, totaling Six Million Three Hundred Ninety Eight Nine Hundred Sixty Seven Dollars (\$6,398,967)? Should this article be defeated, the default budget shall be Six Million Four Hundred Two Thousand One Hundred Fourteen Dollars (\$6,402,114)

which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only.”

Article 5 is the proposed Operating Budget for 2009 which includes all wages, benefits and operational proposed appropriations for the Town. Department Heads, Selectmen and the Budget Committee worked closely to minimize increases in the budget and this year's proposed operating budget represents a less than 1% increase. This includes a 3% increase for non-Union staff, partially offset by an increase to 10% of the co-pay paid by non-union employees for Health Insurance.

Should Article 5 be defeated, the Town will operate under a Default Budget (the previous year's budget including same adjustments as required by law). However, in this case, the Default Budget is **\$3,147 higher than the proposed 2009 budget.**

Article/Ballot Question #6 – “Shall the Town vote to raise and appropriate the sum of One Hundred and Thirty Five Thousand Dollars for the purpose of curbside recycling?”

The Board of Selectmen and Budget Committee support the above article to begin curbside recycling in 2009. Recyclables would be placed in recycling containers available for pickup at Town Hall or can be placed in containers clearly marked “RECYCLABLES”. Recyclables would not require sorting. Containers will be picked up weekly with the residential trash collection. The eventual savings from recycling efforts will be seen in the reduction of the costs to dispose of our solid waste; currently the Town budgets to dispose of 5,800 tons of trash towards which we receive offsetting revenue from commercial tannage. We have increased the tipping fee to include an administrative fee of \$2.50 per ton in addition to the fee charged by the Concord Regional Solid Waste Cooperative for commercial waste and last year’s revenue was \$124,655. We would anticipate reducing our total tannage by 900 tons through a successful recycling program.

Article/Ballot Question #7 – “Shall the Town vote to raise and appropriate the sum of One Hundred and Seventy One Thousand Nine Hundred and Fifty Six dollars (\$171,956) for the reconstruction of highways, said appropriation to be funded by \$171,956 from Highway Block Grant funds provided by the State of New Hampshire?”

Annually the Town receives an amount designated by the State of NH DOT for the purposes of highways; the amount is based on the miles of Town-owned roads and receipts from the federal gas tax. No amount of this appropriation is raised through taxation.

Article/Ballot Question #8 – “Shall the Town vote to raise and appropriate the sum of Three Hundred Two Thousand Fifty Eight dollars (\$302,058) for the operation and maintenance of the Sewage Collection and Disposal System for the ensuing year, said sum is to be offset by user’s fees.”

Monies appropriated annually for the purpose of Sewage Disposal are collected through sewer billing fees billed quarterly. The Sewer Budget is solely supported by user fees and no monies are raised through taxation.

Article/Ballot Question #9 – “Shall the Town vote to raise and appropriate the sum of Two Hundred Sixty Two Thousand Eight Hundred Thirty Six dollars (\$262,836) for the operation and maintenance of the Water Distribution and Treatment System for the ensuing year, said sum is to be offset by user’s fees.”

Monies appropriated annually for the operation of the Water Department are collected through water billing fees billed quarterly. The Water budget is solely supported by user fees and no monies are raised through taxation for the operational portion of the budget.

Article/Ballot Question #10 – “Shall the Town vote to change the purpose of the

BRATT (Belmont Recreational Alternative Transportation Team) Phase II Capital Reserve Fund previously established in 2006 to the BRATT (Belmont Recreational Alternative Transportation Team) Capital Reserve Fund?"

This Article will change the purpose of an existing fund created in 2006 to allow the money to be used towards Phase 1 of the Winnepesaukee Scenic Trail. This will be used to offset the appropriation being requested in Article 13. A 2/3 vote is required to pass this question.

Article/Ballot Question #11 – “Shall the Town vote to approve the cost items included in the collective bargaining agreement reached between the Town of Belmont and the American Federation of State, County, and Municipal Employees, AFL-CIO, Council 93, Local 534 for the term April 1, 2008 to March 31, 2010, which calls for the following increases in salaries and benefits:

Year	Est. Increase	Est. Decrease
2009	\$30,695.76	(\$24,265.24)

And further to raise and appropriate the sum of Six Thousand Four Hundred Thirty One Dollars (\$6,431.00), which represents the additional costs attributable to the increase in salaries and benefits for the second contract year over those of the appropriation at current staffing levels paid in the prior fiscal year.

The Budget Committee and Board of Selectmen recommend this article. The Town and Local 534 reached an agreement through Fact Finding on this proposed 2-year contract. Negotiations for a new

contract which would begin April 1, 2010 will begin late spring/early summer 2009.

Article/Ballot Question #12 – “Shall the Town of Belmont, if article #11 is defeated, authorize the governing body to call one special Town meeting, at its option , to address article #11 cost items only?”

Article/Ballot Question #13 – “Shall the Town vote to raise and appropriate the sum of Four Hundred Thirty Seven Thousand Three Hundred Dollars (\$437,300) for the purpose of the Winnepesaukee Scenic Trail, said appropriation to be funded by a grant from the State of NH DOT in the amount of \$349,840 and (\$61,985) from BRATT (Belmont Recreational Alternative Transportation Team) Capital Reserve fund referenced in Article 10 and balance from general taxation. “ **(The Budget Committee recommends \$437,300 and the Board of Selectmen support this recommendation.)**

Additional funds are necessary to complete Phase I of the trail originally proposed in 2005 due to increased construction and design costs not anticipated at the time of the Town’s initial application to DOT for funding of the trail. A YES vote on Article 10 and Article 13 will permit construction to begin in 2009. If either of these articles fails, then 9 years of hard work by this committee will be wasted. The Town will have to return over a half a million dollars in grant money to the State. The Town has already appropriated our 20% matching funds for the trail.

Article/Ballot Question #14 – “Shall the Town vote to raise and appropriate the sum of One Hundred Thirty One Thousand

Dollars (\$131,000) for the purpose of relocating and replacing water lines required by the State of NH DOT Project X-A000 (398) 14462 (NH Route 106/140 Improvements) said sum to come from general taxation?

The Board of Selectmen and Budget Committee support this project. The project is necessitated by the State's improvements to the intersection of Route 106 and Route 140. The water line currently lies within the State's Right-of-Way and to facilitate the lane turning expansions must be moved. This is the Town's main service line to the Village from the water storage tank on Route 140.

Article/Ballot Question #15 – “Shall the Town vote to raise and appropriate the sum of One Hundred Thirteen Thousand dollars (\$113,000) for the purpose of purchasing a new International 7400 Plow Truck for the Highway Department?”

The new truck would replace a 1989 International with a chassis mounted sander. The 1989 has 155,000 miles on it and has become unreliable. This is a front line piece of snow plowing equipment, plowing the entire south side of the town. We will reuse the plow and wing as well as the sander from the old truck. The new truck will have a dump body on it so we can use it year-round, opposed to the old truck with just the mounted sander.

Article/Ballot Question #16 – “Shall the Town vote to raise and appropriate the sum of One Hundred Eighty Three Thousand dollars (\$183,000) to be added to the following funds previously established:

Accrued Liability Exp Trust Fund \$25,000
Municipal Facilities CR \$50,000
Inventory Layout CR \$10,000
Property Revaluation CR \$39,500
Information Technology NCR \$58,500

The sum of \$25,000 to come from the unexpended fund balance (surplus) as of December 31, 2008; and the balance of \$158,000 from general taxation.”

*The Budget Committee and Board of Selectmen support the funding of this article. The **Accrued Liability Trust Fund** was created in 2007 for the purpose of funding the cost of long term employees who retire from service (vacation time previously accrued and longevity bonus, and any related costs). This Trust Fund has been funded from surplus since its creation. The **Municipal Facilities CR (Capital Reserve Fund)** was created in 2006 and the current balance in the account is \$306,367. The purpose of the fund is to save towards future necessary municipal buildings and other facilities. This year's request for \$10,000 for the purpose of the **Inventory Layout CR** is the final year of funding this account for the purpose of identifying the legal status of highways within the community. This year's request for \$39,500 to be placed in the **Property Revaluation CR** will fund a Town-wide Assessment Update in 2009. The need for this update is substantiated by the current economy resulting in lower sale prices and the extended time that a property stays on the market. This will be town-wide. The **Information Technology Non-Capital Reserve fund** was created in 2002 for the ongoing purpose of replacing computers, software and maintenance in all Town Departments including the Library. This*

program has been very successful and we are presently on a 5 year replacement cycle for servers and workstations. Through this program equipment is recycled through the organization significantly extending its useful life. Also funded from this account is the annual maintenance fee for support of the software used for motor vehicle registrations, tax billing, accounts receivable, payroll, accounts payable and water and sewer billing.

previously created in accordance with the provisions of RSA 674:44-d (created 2005)."

The Budget Committee and Board of Selectmen support this article.

Article/Ballot Question #18 – "Shall the Town vote to raise and appropriate the sum of Seven Hundred Ten Thousand dollars (\$710,000) to be added to the following capital reserve funds previously established:

Heavy Equip. CR	\$15,000
Sidewalk CR	\$20,000
Drainage Project CR	\$25,000
Highway Reconstruction and Maintenance CR	\$650,000"

The Board of Selectmen and Budget Committee recommend the addition of these funds to the existing capital reserve funds. Funds be added to the **Heavy Equipment Capital Reserve** will be used for future highway equipment. The current balance in the account which was created in 2002 is \$37,889. Funds presently in the **Sidewalk Capital Reserve** are anticipated to be used in 2009 for the extension of the sidewalk from Main Street to the Elementary School and for the refurbishment of the existing downtown sidewalks. The requested appropriation is towards a future sidewalk on Church Hill to the High School. The **Drainage Project Capital Reserve** was created in 2003 with an existing balance of \$77,927. It is anticipated that drainage work needed on Ladd Hill Road will cost in excess of \$300,000 so funds are being put aside for this future need. The **Highway Reconstruction and Maintenance Capital Reserve** is being utilized to continue the

Article/Ballot Question #17 – "Shall the Town vote to raise and appropriate the sum of Four Thousand Five Hundred dollars (\$4,500) to be placed in the Heritage Fund

Town's ongoing Road Program begun in 2008. Cotton Hill Road, Vineyard Way, Union Road and culvert work on Horne Road were completed this past year. We anticipate completing Horne and the engineering for Bean Hill in 2009. Funds will also be utilized to overlay several roads in the community.

Article/Ballot Question #19 –“Shall the Town vote to raise and appropriate the sum of Twenty Five Thousand dollars (\$25,000) to be placed in the Library Building Improvements Capital Reserve Fund previously established (created 2002).”

The Board of Selectmen and Budget Committee support this request from the Library Trustees. Preliminary Architectural work/design has been completed for an addition to the Belmont Library.

Article/Ballot Question #20 – “Shall the Town vote to raise and appropriate the sum of Thirty Thousand dollars (\$30,000) to be placed in the Police Vehicles Capital Reserve fund previously established (created 2002).”

The Board of Selectmen and Budget Committee support this request; the Police Department took a detailed look at their existing fleet of vehicles, noting mileage and maintenance expenditures and determined that only one vehicle instead of the initially proposed two requires replacing in 2009.

Article/Ballot Question #21 – “Shall the Town vote to raise and appropriate the sum of Ten Thousand dollars (\$10,000) to be placed in the Water System Repair and Maintenance Capital Reserve Fund

previously established (created 2006) said sum is to be offset by user’s fees.”

The Board of Selectmen and Budget Committee support this appropriation. This fund prepares the Town for future large repair or maintenance projects. Funding comes from water billing fees.

Article/Ballot Question #22 –“Shall the Town vote to raise and appropriate the sum of Three Hundred Fifty Thousand dollars (\$350,000) for the purpose of purchasing and equipping a new Fire Truck, and further to authorize the withdrawal of Three Hundred Twenty Thousand dollars (\$320,000) from the Fire/Ambulance Equipment and Apparatus Special Revenue Fund previously established in accordance with RSA 31:95-c (created 1994/amended 1999); the balance of the purchase is to come from trade-in value of two existing engines.”

The Board of Selectmen and Budget Committee support the purchase of a new Fire Truck from existing revenue in the Special Revenue Fund (Comstar). Two existing trucks will be traded in on this purchase.

Annual Meeting Warrant 2009

Town of Belmont, New Hampshire

TO THE INHABITANTS OF THE TOWN OF BELMONT IN THE COUNTY OF BELKNAP, IN THE STATE OF NEW HAMPSHIRE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

FIRST SESSION

You are hereby notified to meet for the First (Deliberative) Session of the Annual Town Meeting, to be held at the Belmont Middle School, Belmont, New Hampshire on the 2nd day of February 2009, being Monday at 6:30 o'clock in the evening (6:30 P.M.) The First (Deliberative) Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to propose, debate and adopt amendments to each warrant article, except those articles whose wording is prescribed by State law.

SECOND SESSION

You are also notified to meet for the Second Session of the Annual Town Meeting, to elect Town Officers by official ballot and to vote by official ballot on the warrant articles as they may have been amended at the First (Deliberative) Session, to be held at the Belmont High School, Belmont, New Hampshire on the 10th day of March, being a Tuesday, between the hours of 7:00 o'clock in the forenoon and 7:00 o'clock in the afternoon, to act upon the following:

Article #1. To choose necessary officers, including Selectman three-year term (1), Town Clerk/Tax Collector one-year term (1), Trustee of Trust Funds three-year term (1), Sewer Commissioner three-year term (1), Library Trustee three-year term (1), Cemetery Trustee three-year term (1), Supervisor of Checklist six-year term (1), Planning Board three-year terms (2), Zoning Board of Adjustment three-year term (2), and Budget Committee three-year term (4).

Article #2. Are you in favor of the adoption of Amendment #1 as Proposed by the Planning Board for the Town Zoning Ordinance as follows?

Rezone a portion of three adjacent tax lots located off Laconia and Brown Hill Roads, east and south of the Tioga River; being specifically the following:

1. Rezone a portion of Tax Lot 229/087/000/000 from Commercial to Residential Single Family; and

Annual Meeting Warrant 2009

Town of Belmont, New Hampshire

2. Rezone a portion of Tax Lot 230/113/000/000 from Commercial to Rural; and
3. Rezone a portion of Tax Lot 230/113/001/000 from Commercial to Rural.

Requested by owners of affected tax lots.

Article #3. Shall the Town vote to discontinue the elected Board of Sewer Commissioners and to vest the duties and powers of the Sewer Commission in the Board of Selectmen pursuant to RSA 149-I. As required under RSA 669:17-b, this article shall not take effect, and the current Board of Sewer Commissioners shall continue to hold office, until the Annual Town election in 2010. (This article submitted by petition.)

Article #4. Shall the Town vote to expend the income from the John M. Sargent Trust Fund for the purposes recommended by the Sargent Fund Committee?

Article #5. Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the deliberative session, for the purposes set forth herein, totaling Six Million Three Hundred Ninety Eight Nine Hundred Sixty Seven Dollars (\$6,398,967)? Should this article be defeated, the default budget shall be Six Million Four Hundred Two Thousand One Hundred Fourteen Dollars (\$6,402,114) which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. Note: This warrant article (operating budget) does not include appropriations in ANY other warrant article.

Belknap Range Conservation Coalition 2008 Annual Report

The Belknap Range Conservation Coalition (BRCC) is a non-profit organization whose mission is to promote the conservation of open space, responsible stewardship, and low impact public enjoyment of scenic, natural, recreational and historical resources of the Belknap Mountain Range. Participating members include individuals from the project area towns of Alton, Belmont, Gilford and Gilmanton as well as dedicated individuals such as Dave Roberts who share an avid interest in the many resources that the Belknap Range provides. Conservation organizations with participating members include: UNH Cooperative Extension; Society for the Protection of NH Forests; Lakes Region Conservation Trust; Belknap County Sportsmen's Association; Gilmanton Land Trust; and the Belknap County Conservation District.

Along with working to protect the large unfragmented block of land encompassing the Belknap Mountain Range, the BRCC also educates the public about the significance of the resources of the Belknap Mountain Range; develops, promotes, and implements methods and strategies for ensuring the long-term protection and responsible stewardship of these resources; and promotes opportunities for low impact public enjoyment and recreation.

The BRCC strives to facilitate cooperation and communication among conservation organizations, municipalities, other governmental entities and area landowners, and helps coalition members secure funding, technical assistance and other resources for carrying out programs in support of this mission.

The BRCC made important organizational strides during 2008 after completing the necessary steps to organize with the State of New Hampshire as a non-profit. The Directors met monthly during the 2008 year. The monthly meetings offer important opportunities for members to share information about parcels within the focus area. A highlight of 2008 was that in April and May, the BRCC organized and sponsored a workshop in both Alton and Gilford on the basic land conservation options and tax benefits for landowners. Land conservation projects the BRCC has been involved in within the project focus area include: "Lands conserved within the BRCC focus area in 2008, with assistance from BRCC, include the 431-acre "Evelyn H. & Albert D. Morse, Sr. Preserve" on Alton Mountain Road, in Alton, acquired by the Society for the Protection of New Hampshire Forests, and containing the summit of Pine Mountain. Also,

the Town of Belmont purchased the 172-acre Sanborn Farm LLC parcel on Durrell Mountain Road for conservation purposes.”

The BRCC also continues working on updating the GIS maps for the Belknap Mountain Range. (A black and white version of the BRCC Focus Area map is included with this report.) For more information on the BRCC, please contact the Belknap Range Conservation Coalition @ PO Box 151, Gilmanton IW, NH 03837 or email us @ BelknapRangeCC@aol.com

Belmont Conservation Commission Annual Report - 2008

The past year was another productive one for your Belmont Conservation Commission (BCC). Continuing our mission to preserve significant open space for current and future generations of Belmont citizens, the BCC purchased an important 172 acre parcel of land known as the Andrew P. Sanborn Farm with money from the Conservation Fund. The Conservation Fund receives 100% of the proceeds from the Land Use Change Tax collected when property comes out of current use. The BCC has dedicated the Fund to the acquisition and maintenance of conservation land.

The Sanborn Farm property borders Durrell Mountain Rd, Middle Route and Rogers Road. It abuts 203 acres owned by the Society for the Protection of NH Forests in Gilmanton, as well as another 500 acres of conservation property in Gilford. The headwaters of the Tioga River are located on the property. The property falls within a large block of un-fragmented lands in Gilford, Gilmanton and Belmont and is within the Belknap Mountain Range. This land is an exceptional open space which will carry on the mission of the BCC to protect natural resources and provide places for low impact recreation for Belmont citizens.

On the Tioga River Wildlife and Conservation Area on Depot Street, a parcel acquired in 2006 with Conservation Funds, the BCC worked closely with the NH Dept. of Environmental Services to cure a wetlands violation that had been brought against the property's former owner.

The BCC is applying for a trails grant through the NH Trails Bureau to build a handicapped accessible trail system in the Jeff Marden Town Forest. The BCC was awarded a Wildlife Habitat Improvement Program grant to restore the trail crossing damaged when a beaver dam washed out two years ago. The trails in the Town Forest have been named and a map is available at the main Wildlife Boulevard entrance and on Belmont's website at www.belmontnh.org/docs/townforest.pdf.

The BCC worked with the Planning Board and the Land Use Office in drafting the Town's Aquifer Protection Ordinance, which was passed by Belmont voters in March 2008. The BCC was instrumental in providing the public education component of this initiative.

The BCC continued its program of providing public assistance and information for Belmont residents: Fish and Game biologist Lindsay Webb discussed using Fish and Game's Wildlife Action Plan for land use planning, and Andy Fast, the new County Forester spoke about managing woodlots in the most economically and environmentally sustainable way.

The BCC hired Stoney Ridge Environmental to complete an evaluation and mapping of significant wetlands in the community to fulfill one of its primary statutory responsibilities: to keep an index of all marshlands, swamps and all other wet lands. The field work has been substantially completed; maps and tabular data will be presented in early 2009.

The BCC participated in two joint planning meetings this year with members of the Planning, Zoning, and Select Boards. Such sharing of goals and information assists all officials to make well-informed decisions.

Belmont Conservation Commission Annual Report - 2008

In 2008, the \$500.00 BCC Jeff Marden Scholarship was shared between two deserving Belmont High School Seniors who demonstrated outstanding conservation efforts: Brett Donovan and Eric Trendell. Contributions to support this award can be made directly to the Lakes Region Scholarship Foundation "Belmont Conservation Commission Award in the Memory of Jeffery A. Marden".

The BCC appreciates the support of the community and encourages the submission of comments or suggestions through the Land Use Customer Survey at www.belmontnh.org or other convenient method. The BCC currently has an alternate member position open and we encourage you to join us in our on-going conservation efforts.

Belmont Heritage Commission 2008 Annual Report

"...It has been said that, at its best, preservation engages the past in a conversation with the present over a mutual concern for the future ..." William Murtaugh 1923-2004

The Heritage Commission had a successful year, in large part due to collaboration with others. We continued a close alliance with the Belmont Historical Society, assisting by securing two grants from the New Hampshire Humanities Council for free cultural events.

Among highlights were:

- Addition of Belmont Village landmarks to the National Trust for Historic Preservation website
- Production of an educational program for LRPA-TV, featuring local agricultural heritage at Weeks Farm
- Development of a first "*Belmont Heritage Briefing*" newsletter, supporting the Rotary Bandstand event
- Continued archival work, establishing digital files of historic photographs
- Coordination and marketing of two new volunteer initiatives, "*Make A Difference Day*" and "*Deck the Village*" to help beautify some of our Town's special places
- Renewed advocacy for "Historic Road" sign from State, marking Belmont Mill
- Reviewed an historic barn, recommending an easement to Selectmen, to help save our rural character

Funding requests were written for preservation consulting services (New Hampshire Preservation Alliance NHPA), bandstand restoration (State of New Hampshire), and a public art project (Franklin Savings Bank, Community Advancement Fund.) The NHPA and New Hampshire Division of Historical Resources visited our community twice, sharing expertise on repair and reuse challenges. Application for a "Moose Plate" grant to help assess, repair and preserve our famous 100 year-old bandstand will be resubmitted for 2009 support. Notification on the "Belmont Special Places" multi-generational effort is expected by March, 2009.

We thank this year's many partners for interest and participation, both remembering our heritage – and keeping it for the future. They included youth from the Girl Scouts and Belknap County Restorative Justice program, Belmont Rotary, Library Trustees and staff, Belmont Historical Society, Province Road area neighborhood, and Community Arts Resources for Education (CARE), among others. And we remain grateful for the encouragement from citizens throughout the community, and of course, taxpayer support.

Milestones for 2009 include the Centennial of Belmont's beautiful Victorian bandstand and 40th year of the Belmont Historical Society. We invite and encourage all to join celebrations and events for these landmarks throughout the next seasons.

Cordially,

Wallace Rhodes – Chairman, **Linda Frawley** – Vice Chairman, **Margaret Normandin** – Secretary, **Diane Marden** – Member through February 2008, **Shayne Duggan** – Member appointed November 2008, **Ronald Cormier** – representing Board of Selectmen

Belmont American Legion Charles Kilborn Post #58

Each year the Town of Belmont appropriates one thousand dollars to our American Legion Post to help defray the expenses of conducting the Memorial Day activities and other patriotic endeavors. The American Legion Post #58 members would like to take this opportunity to thank the taxpayers of Belmont for the annual contribution. It is very much appreciated and carefully spent.

The American Legion was incorporated in the year 1919 by an Act of Congress to provide service to veterans, their families, and their communities. That is our mission.

With the help of our local Girl and Boy Scout Troops, each year, prior to Memorial Day our Post purchases and displays the American Flag on every deceased Veterans grave stone that we have on record in the Town of Belmont. The costs of the flags are approximately \$250 dollars annually. We also purchase the large flag for the Veterans Memorial Monument. In addition to the Library's flag when funds are available.

The Memorial Day Parade expenses are generally \$800 dollars per year for the bands, firing squad, speakers, and sound system. Thanks to the generosity of Jordan's Ice Cream we are able to give children a ticket for an ice cream cone.

Our Post also sponsors a number of Veterans at the Veterans Home in the Tilton, NH. We provide contributions to the "Canteen Fund", special needs program that helps with a handicapped van to allow Veterans to get out to special events and recreational opportunities. Christmas gifts for each of them in addition to visiting as often as we can.

This past year we made a donation to the NH National Guard's Chaplains Emergency Fund to help families of deployed soldiers and airmen with unforeseen expenses. The Post also donates to Saint Joseph's Church Food Pantry and the Baptist Church Food Pantry in addition to food certificates that are distributed to those in need by the local churches' and Girl Scout Troops.

Post 58 repairs and provides used wheelchairs, walkers, canes and other items for handicapped folks with unmet needs. A contribution is made to the Belmont Senior Center as thanks for allowing us to use their facility for our meetings. We sponsor a local Girl Scout Troop and Boy Scout Troop when the needs arise.

The Legion and our Auxiliary give \$500 dollar awards annually to two graduating Belmont High School seniors to help with cost of their textbooks for their first year in college. In addition to two Sportsmanship Trophies to athletes who have demonstrated exceptional drive, determination and focus. We also offer to sponsor the annual High School Oratorical Contest providing a scholarship. Local contest winners enter the regional contest and can go on the State and National contest with scholarship awards up to \$19,500. Our Post raises additional funds needed to do all of this by conducting fund raising activities like the sale of the Belmont Historical photo puzzles.

Belmont American Legion
Charles Kilborn Post #58

The Belmont American Legion Post #58 does far more than just putting on the Memorial Day activities. We are first and foremost a service organization. We may have served as Veterans, but our mission is to continue to serve as best we can. Our membership in town is low. A review of the Town of Belmont annual report shows there are over 400 eligible veterans in Town. If you would like to consider joining the Belmont American Legion, please give me a call at 267-6050.

B.R.A.T.T. 2008 Annual Report
Belmont Recreational Alternative Transportation Team

The B.R.A.T.T. Committee has had a frustrating year. Back in the year 2000, when the B.R.A.T.T. Committee was formed to develop a trail along the existing State Railroad right of way, we thought by now we would have at least one or two sections of trail done. We never realized that we would have as many issues with the State regarding fencing, and other conflicts. We know we are not alone with developing the trail. The W.O.W. group in Laconia and the Tilton/Franklin group are facing the same issues.

The B.R.A.T.T. Committee has been working hard with the other towns to develop this 20 mile trail from Franklin to Meredith. A lot of volunteers have worked very hard cutting brush to make way for the trail.

The committee needs your **YES** vote on Article 10 and Article 13, so we can get construction started this year. If either of these articles fails, then 9 years of hard work by this committee will be wasted. We will have to return over a half a million dollars in grant money to the State. The Town has already appropriated our 20% matching funds for the trail.

Belmont Old Home Day "Rockin to the Oldies" on August 9, 2008

The Old Home Day Committee welcomed Belmont residents and many wonderful guests to a fun-filled day of "Rockin' to the Oldies" on Saturday, August 9, 2008.

Morning activities included our annual Pancake Breakfast, Flag Raising Ceremony, 10-mile Road Race, Tioga Fun Run, and Children's Games and 4 & 5 Year Old Summer Soccer Program Exhibition Game in Sargent Park.

Music filled the Main Street area with theme-oriented "Routes 56", a band of local boys (Shawn Chase, Rob Court, and Kyle Nickerson). Everyone had a fabulous time browsing the wide array of craft and specialty vendors and grabbing a bite to eat from the concessions before settling in for the Grand Parade. There were numerous entries to depict the '50s and '60s period. Thank you to all who participated. There wouldn't be a parade without you! As this was the 40th running of our annual 10-mile Road Race, we honored Suzanne (Sue) Roberts as the Parade Grand Marshal. Sue and several members of her family help year after year to keep this tradition alive.

Afternoon activities included a well-attended Amateur Talent Show on the Bandstand behind the Library. As with any Talent Show, there were many more observers than participants; however, several people approached Old Home Day Committee members at the conclusion to say they were interested in participating in the 2009 Show. Start practicing your song, poem, and dance routine, etc. now! Registration information will be available soon.

Each year, we hear how so many area families plan their reunions around our town's annual Old Home Day celebration. That's wonderful and fulfills the purpose of this time-honored tradition. For many people, the Chicken Barbeque at the Fire Station provides that welcome rest and a chance to catch up with friends and family before regrouping for the evening activities.

Belmont Old Home Day 2008 ended with an evening filled with wonderful music provided by "Annie and the Orphans". They played so many songs from the era we were honoring this year that young and old could be seen singing along with all of the hits that have stood the test of time. Hundreds of people were there to enjoy the music, free rock climbing and bungee jumping, and concessions that led up to our spectacular fireworks display. Each year, we hear so many wonderful compliments on how amazing the fireworks are. We of course believe it has a lot to do with the location... our small town with such a grand sense of community spirit!

Mark your calendars now for our 2009 celebration... Saturday, August 8.

Belmont Parks & Recreation Department Annual Report - 2008

Belmont Summer Campers 2008, photo submitted by Janet Breton

The Belmont Parks & Recreation Department, with assistance from the volunteer Recreation Committee offered a number of youth and adult programs for the community. In the winter months we had co-ed volleyball, women's basketball, men's basketball for adults at the Belmont Middle School week nights. Open Gym was offered for children at the Belmont High School, Sunday evenings. New this year was the Downhill Ski and Snowboard program with 45 youth participating at Gunstock for 6 weeks. A large number of the participants were beginners who had never skied or boarded before. By the end of the program they had all moved on to the main mountain. Cross Country Ski lessons were offered at Bolduc Park in Gilford in conjunction with Laconia and Gilford Parks and Recreation. Strength Training a new program with personal trainer, Renee Boles, had three sessions this year. The Yoga program had four session this year for adults and youth 12 years and older. Indoor and outdoor soccer for 4 & 5 year olds continues to be very popular and was offered a number of times in 2008. Golf Lessons with Randy Annis at Bolduc Park for adults and children is another program that we offer in conjunction with Laconia and Gilford Parks & Recreation Departments. The Easter Egg Hunt took place at Belmont Elementary School with 120 children hunting for eggs.

The Belmont Town Beach opened the weekend of June 14th for the weekend and then opened daily (weather permitting) starting June 21st until August 17th, then resumed weekends until Labor Day. Jessica Kruger returned as the Beach Director and also taught swim lessons. Improvements were made to the walkway at the beach by the Department of Public Works to give patrons better access to the bathhouse.

Stephanie Derosier accepted the position of Activities Supervisor in July. She now supervises and runs a number of our programs. We had a number of activities this summer including, pick up basketball, horseshoes, adult co-ed softball, roller hockey, and floor hockey. Stephanie spent several nights a week in Sargent Park handing out our equipment to anyone who wanted to play tennis, basketball, soccer, jump rope, or Frisbee in the park. Leslie E. Roberts LLC donated their equipment and time to move the concession stand into Sargent Park which opened up the entrance to the park. A new sign has been ordered for Sargent Park thanks to the donation received from the Sargent Fund. C.A.R.E. brightened up the skate park

Belmont Parks & Recreation Department Annual Report - 2008

by painting the ramps with some amazing designs that the students created. The project will continue next summer to finish a few of the ramps that were not completed this year. The Belmont Rotary held a Rally for the Bandstand and parks and recreation offered crafts for children. We had a Crafternoon in December, children made gifts for their parents which we helped them wrap to keep the surprise. We had a private skating party at the Laconia Ice Arena during Christmas vacation.

The Belmont Summer Camp had 50 participants each week for most of the 7 weeks. New this year we offered a Counselor in Training Program for students entering the 8th grade. Counselors in Training were able to attend for a reduced rate, and were expected to assist the Counselors in the day to day tasks. Liz Brulotte returned as our Summer Camp Director, Lori Kjellander was promoted to Assistant Summer Camp Director. We granted 2 scholarships for 7 weeks of camp this year.

Belmont Parks & Recreation Department is able to offer a number of programs due to the cooperation we receive from Superintendent Michael Cozort and the Shaker Regional School District Staff which is greatly appreciated. Than you to all the volunteers that have assisted with our programs and projects this year. A special thank you to the Recreation Committee Members: Tina Fleming, Gretta Olson-Wilder, Rob Court and Brian Loanes for all their assistance.

Belmont Parks and Recreation is always interested in offering new programs to the community. Any suggestions for programs or offers of assistance are greatly appreciated.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Belmont, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Belmont, New Hampshire as of and for the year ended December 31, 2007, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Belmont, New Hampshire, as of December 31, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information on pages i-vi and 23-24, respectively, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Belmont, New Hampshire's basic financial statements. The combining nonmajor fund statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOWN OF BELMONT, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ending December 31, 2007

Presented herewith please find the Management Discussion & Analysis Report for the Town of Belmont for the year ending December 31, 2007. The responsibility for accuracy of the data, the completeness and fairness of this documentation (including all disclosures) rests with management. To the best of our knowledge and belief, the data contained herein is accurate in material aspects. This report and its content has been designed to fairly present the Town's financial position, including the result of operations of all the funds of the Town. All the disclosures necessary to enable and to assist the reader in acquiring an accurate understanding of the Town's financial activities have been included.

The Town's management is responsible for establishing accounting and internal control structures designed to ensure that the physical, data, informational, intellectual, and human resource assets of the Town are protected from loss, theft and misuse, and to ensure that adequate accounting information is maintained and reported in conformity with generally accepted accounting principles (GAAP). Management also strives to ensure that these assets are put to good and effective use. The internal control structure is designed to provide reasonable assurances that these objectives are attained.

Overview of the Financial Statements

The financial statements presented herein include all of the activities of the Town of Belmont using the integrated approach as prescribed by GASB Statement 34.

This discussion and analysis is intended to serve as an introduction to the Town of Belmont's financial statements. The basic financial statements comprise three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the basic financial statements

This report also contains supplementary information in addition to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to most private-sector companies.

The statement of net assets presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the Town's net assets changed during the most recent fiscal year. All of the current year's revenue and expenses are taken into account regardless of when cash is received or paid.

TOWN OF BELMONT, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ending December 31, 2007

Both of the government-wide financial statements have separate sections for two types of activities:

Governmental activities – represent most of the Town's basic services

Business-type activities – account for the Town's water and sewer operations and receive a majority of their revenue from user fees.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain the control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and to demonstrate compliance with finance-related legal requirements. The Town maintains three fund types: governmental, proprietary, and fiduciary funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, our readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between the governmental activities statement of net assets and statement of activities.

The Town maintains several individual government funds. Information is presented separately in the government fund balance sheet and the statement of revenues, expenditures and changes in fund balances for the General Fund, and the Permanent Funds, both of which are considered major funds.

The Town adopts an annual appropriation budget for its governmental funds. A budgetary comparison has been provided for the General Fund to demonstrate compliance with this budget. Other governmental funds are aggregated as non-major funds.

Proprietary funds provide water and sewer services to customers and charge a user fee. They are presented on the accrual basis of accounting.

Fiduciary funds are used to account for resources held for the benefit of parties outside of the Town. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Unrestricted	<u>662,618</u>	<u>689,944</u>
Total net assets	<u>\$ 4,681,417</u>	<u>\$ 4,750,773</u>

The largest portion of the Town's net assets for its business-type activities reflects its investment in capital assets, primarily utility plant in service and equipment less any related outstanding debt used to acquire those assets. These assets they are not available for future spending.

Changes in net assets of the Town's business-type activities for the years ending December 31, 2007 and 2006 are as follows:

	<u>2007</u>	<u>2006</u>
Program revenues:		
Charges for services	\$ 421,191	\$ 310,023
Capital grants and contributions	<u>11,920</u>	<u>11,920</u>
Total program revenues	<u>433,111</u>	<u>321,943</u>

Net assets - ending of year	<u>\$ 4,681,417</u>	<u>\$ 4,755,486</u>

The main funding source for business-type activities are charges for services, which provided 79.7% and 59.5% of expenses in 2007 and 2006 respectively. Net assets decreased by \$74,069 in 2006 largely due to depreciation.

Governmental Funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing

TOWN OF BELMONT, NEW HAMPSHIRE
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ending December 31, 2007

requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

General Fund

The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, the general fund had a fund balance of \$869,329, a decrease of \$219,260. This increase is due primarily to the Town applying \$275,000 of beginning of year fund balance to reduce property taxes.

Permanent Funds

Permanent funds account for resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that support the Town's programs. At December 31, 2007, a balance of \$1,482,876 was reserved for endowments and \$198,388 was unreserved. The total fund balance in the permanent funds increased \$239,073 from the prior year; largely due to investment income.

Proprietary Funds

The focus of the Town's proprietary funds is on total economic resources, and changes to net assets, much as it might be for a private-sector business.

The Town's proprietary funds had unrestricted net assets of \$664,487 at December 31, 2007, which is down approximately 3.7% from 2006.

Capital Assets

The Town of Belmont considers a capital asset to be an asset whose costs exceed or equal \$15,000 and has a useful life of greater than one year. Assets are depreciated using the straight-line method over the course of their useful life.

During the year the Town's net capital assets for governmental and business type activities increased by \$112,445 primarily due to replacements and the Route #3 water project.

Long-Term Obligations

During FY 2007 the Town had a net increase in general obligation bonds for governmental and business-type activities of \$233,042 as a result of issuing water debt.

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period. (129,198)

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. 1,207

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 356,306

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 52,500

Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 7,430

TOWN OF BELMONT, NEW HAMPSHIRE
NOTES TO BASIC FINANCIAL STATEMENTS
December 31, 2007

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Belmont, New Hampshire conform to accounting policies generally accepted in the United States of America for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Financial Reporting Entity

The Town of Belmont, New Hampshire (the "Town") operates under the Town Meeting form of government and provides local governmental functions as authorized by State law.

The accompanying financial statements of the Town present the financial position of the various fund types and account groups, the results of operations of the various fund types, and the cash flows of the proprietary fund type.

The financial statements include those of the various departments governed by the Board of Selectmen and other officials with financial responsibility elected by Town meeting, principally the Library Trustees and the Trustees of Trust Funds. There are no additional organizational units that meet criteria for inclusion in the financial statements as defined by the Governmental Accounting Standards Board.

Basis of Presentation

The Town's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

1. Government-Wide Financial Statements:

The statement of net assets and the statement of activities display information about the Town as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net assets presents the financial condition of the governmental activities of the Town at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Town's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Town. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Town.

2. Fund Financial Statements:

During the year, the Town segregates transactions related to certain Town functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial

statements are designed to present financial information of the Town at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The fiduciary funds are reported by type.

Fund Accounting

The Town uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Town employs the use of three categories of funds: governmental, proprietary, and fiduciary.

1. Governmental Funds:

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Town's major governmental funds:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Permanent Funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

2. Proprietary Funds:

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as enterprise or internal service. The Town has no internal service funds. The following are the Town's major proprietary funds:

The Sewer Fund accounts for all revenues and expenses pertaining to the Town's sanitary sewer operations.

The Water Fund accounts for all revenues and expenses pertaining to the Town's water operations.

The Sewer and Water Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation) of providing goods or services to the residents on a continuing basis are financed or recovered primarily through user charges.

3. Fiduciary Funds:

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category has one classification: agency funds. The Town's agency fund is custodial in nature (assets equal liabilities) and does not involve the measurement of results of operations. The Town's agency fund accounts for the capital reserve and other funds of the Shaker Regional School District are held by the Town Trustees of

Trust Funds in accordance with State law. The Town also accounts for certain performance deposits in its agency funds.

Measurement Focus

1. Government-Wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the Town are included on the Statement of Net Assets.

2. Fund Financial Statements:

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

In the government-wide financial statements, private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are followed to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The Town has elected not to follow the FASB pronouncements issued subsequent to November 30, 1989.

1. Revenues – Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Town, available means expected to be received within sixty days of year end.

Non-exchange transactions, in which the Town receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied (see Note 2). Revenue from grants,

TOWN OF BELMONT, NEW HAMPSHIRE
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2007

entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Town must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Town on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: property taxes and interest on investments.

Licenses and permits, charges for services, and miscellaneous revenues (except interest on investments) are recorded as revenues when received in cash because they are generally not measurable until actually received.

2. Deferred Revenue:

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

3. Expenses/Expenditures:

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization are not recognized in governmental funds.

Budgetary Data

The Town's budget represents functional appropriations as authorized by annual or special Town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. The Town adopts its budget under State regulations, which differ somewhat from accounting principles generally accepted in the United States of America in that the focus is on the entire governmental unit rather than on the basis of fund types.

State law requires balanced budgets but permits the use of beginning fund balance to reduce the property tax rate. The Town applied \$275,000 of its undesignated fund balance to fund the 2007 budget.

Encumbrance Accounting

Encumbrance accounting, under which purchase orders and other commitments for expenditure of monies are recorded in order to reserve a portion of the applicable appropriation, is employed as an extension of formal budgetary integration in Governmental Funds. Encumbrances outstanding at year end are reported as a component of fund balance since they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services.

Cash and Cash Equivalents

For purposes of the statement of cash flows, all deposits are defined as cash if their maturity dates are within three months from their date of issue. Interfund receivables are also defined as cash.

Investments

Investments are stated at their fair value in all funds. Certificates of deposit and repurchase agreements with a maturity of greater than ninety days from the date of issuance are included in investments.

Taxes Receivable

Taxes levied during the current year and prior and uncollected at December 31, 2007 are recorded as receivables net of reserves for estimated uncollectibles of \$160,000.

Deferred Charges

Payments made to vendors for services that will benefit periods beyond December 31, 2007 are recorded as deferred charges.

Capital Assets

General capital assets result from expenditures in the governmental funds. These assets are reported in the government-wide statement of net assets, but are not reported in the fund financial statements.

All capital assets including infrastructure are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The Town maintains a capitalization threshold of \$15,000. The Town's infrastructure consists of water purification and distribution system, sewer collection and treatment system, and similar items. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

The Town is not required to retroactively report its general infrastructure (e.g. roads, bridges, and sidewalks). Infrastructure records have been maintained effective January 1, 2004 and are included in these financial statements.

All reported capital assets except for land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the Town's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

	<u>Description</u>	<u>Years</u>
	Infrastructure	20-50
	Buildings and improvements	15-30
	Vehicles and equipment	5-15
	Computer software	5

Compensated Absences

Full time employees accrue sick leave days at a rate of one and one quarter days per month, cumulative to a maximum of 90 days. No payment for unused sick leave is made upon termination. Town employees earn vacation at 5-25 days per year dependent on length of service. Vacation can only be accrued up to 10 days. Provision has been made in the financial statements for accrued/unused vacation.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current resources, are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as liabilities in the fund financial statements only to the extent that they are due for payment during the current year. General obligation bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances on any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Town's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Balance Reserves

The Town reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include depreciation expense and the allowance for uncollectible taxes

NOTE 2--PROPERTY TAXES

Taxes are levied on the assessed valuation of all taxable real property as of the prior April 1 (\$789,212,772 as of April 1, 2007) and are due in two installments on July 2, 2007 and January 7, 2008. Taxes paid after the due dates accrue interest at 12% per annum. Property taxes are recognized as

TOWN OF BELMONT, NEW HAMPSHIRE

revenue when received in cash or if available to finance current period operations (within sixty days of year end).

The Town collects taxes for the Shaker Regional School District, and Belknap County, both independent governmental units, which are remitted to them as required by law. The Town also collects education taxes for the State of New Hampshire which are remitted to the school district. Taxes appropriated during the year were \$8,146,523 and \$895,517 for the Shaker Regional School District and Belknap County, respectively. These taxes are not recognized as revenues in these financial statements. The Town bears responsibility for uncollected taxes.

Under State law, the Tax Collector obtains tax liens on properties which have unpaid taxes in the year after taxes were due for the amount of unpaid taxes, interest and costs. These priority tax liens accrue interest at 18% per annum. If the property is not redeemed within a two year redemption period, the property is tax deceded to the Town.

NOTE 3--RISK MANAGEMENT

The Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended December 31, 2007, the Town was a member of the Local Government Center (LGC) and the New Hampshire Public Risk Management Exchange (PRIMEX). The Town currently reports all of its risk management activities in its General Fund. These Trusts are classified as a "Risk Pools" in accordance with accounting principles generally accepted in the United States of America.

The Trust agreements permit the Trusts to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. Accounting principles generally accepted in the United States of America require members of pools with a sharing of risk to determine whether or not such assessment is probable and, if so, a reasonable estimate of such assessment. At this time, the Trusts foresee no likelihood of an additional assessment for any of the past years. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Based on the best available information there is no liability at December 31, 2007.

Property and Liability Insurance

The LGC provides certain property and liability insurance coverage to member towns, cities, and other qualified political subdivisions of New Hampshire. As a member of the LGC, the Town shares in contributing to the cost of and receiving benefit from a self-insured pooled risk management program. The program includes a Self Insured Retention Fund from which is paid up to \$500,000 for each and every covered property, crime and/or liability loss that exceeds \$1,000.

Worker's Compensation

PRIMEX provides statutory worker's compensation coverage to member towns, cities, and other qualified political subdivisions of New Hampshire. The Trust is self-sustaining through annual member premiums and provides coverage for the statutorily required workers' compensation benefits and employer's liability coverage up to \$2,000,000. The program includes a Loss Fund from which is paid up to \$500,000 for each and every covered claim.

Deposits with financial institutions	\$ 3,637,559
Investments	<u>3,989,659</u>
Total cash and investments	<u>\$ 7,627,218</u>

The Town's investment policy for governmental fund types requires that deposits be made in New Hampshire based financial institutions that are participants in one of the federal depository insurance programs. The Town limits its investments to demand deposits, money market accounts, certificates of deposit, and overnight repurchase agreements in accordance with New Hampshire State law (RSA 41:29) or the New Hampshire Public Deposit Investment Pool (NHPDIP), an external investment pool in accordance with New Hampshire State law (RSA 197:23-a). Responsibility for the investments of the expendable trust funds, permanent funds, and agency funds is with the Board of Trustees.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Town's investment in the State investment pool is unrated.

Investment in NHPDIP

The Town is a voluntary participant in the New Hampshire Public Deposit Investment Pool (NHPDIP). The NHPDIP is not registered with the United States Securities and Exchange Commission as an investment company. The NHPDIP was created by state law and is administered by a public body of state, local and banking officials. The fair value of the position in the investment pool is equal to the value of the pool shares.

NOTE 6—DEFINED BENEFIT PLAN

Plan Description

The Town contributes to the New Hampshire Retirement System (NHRS), a cost-sharing multiple-employer defined benefit pension plan administered by the NHRS Board of Trustees. The plan provides service, disability, death and vested retirement allowances to plan members and beneficiaries. Benefit provisions are established and may be amended by the New Hampshire State legislature. The NHRS issues a publicly available financial report that includes financial statements and required supplementary information for NHRS. That report may be obtained by writing to New Hampshire Retirement System, 54 Regional Drive, Concord, New Hampshire 03301.

Funding Policy

Covered public safety employees are required to contribute 9.3% of their covered salary, whereas general employees are required to contribute 5.0% of their covered salary. The Town is required to contribute at an actuarially determined rate. The Town's contribution rates for the covered payroll of police officers, fire employees, and general employees were 9.68%, 14.36%, and 6.81%, respectively through June 2007. The Town contributes 65% of the employer cost for public safety officers, and the State contributes the remaining 35% of the employer cost. The Town contributes 100% of the employer cost for general employees of the Town. In accordance with accounting principles generally accepted in the United States of America (GASB Statement #24), on-behalf fringe benefits contributed by the State of New Hampshire of \$96,591 have been reported as a revenue and expenditure in the General Fund in these financial statements.

Per RSA-100:16, plan member contribution rates are established and may be amended by the New Hampshire State legislature and employer contribution rates are determined by the NHRS Board of Trustees based on an actuarial valuation. The Town's contributions to the NHRS for the years ending December 31, 2007, 2006, and 2005 were \$264,549, \$233,191, and \$200,900, respectively, equal to the required contributions for each year.

NOTE 7—DEBT OBLIGATIONS

Trustees of Cemetery 2008 Annual Report

This past year the Trustee's have been extremely busy trying to get the cemeteries in order relative to maintenance and repair of head stones, and removal of tree's interfering with head stones. Randy Danforth owner of Maple Ridge Landscaping of Belmont, NH received the contract for mowing the Cemeteries this past year, and has worked out well during this mowing season.

Fourteen very large pine trees were removed from the Judkins/Hunt Cemetery located at the corner of Union and Hurricane Road by Urban Tree Service out of Rochester, NH. The cemetery looks much neater after the removal, and although many trees were removed it did not strip the cemetery of its character. Two tree's were removed from the Lamprey Cemetery by Alan Roy owner of Roy's Tree Service located in Northfield, NH in preparation for the restoration of the Lamprey Cemetery located at the corner of Durrell Mountain Road, and Province Road (State Route 107). Kevin Gilbert of Belmont, NH came in to speak with the Trustee's relative to the replacement of the retaining wall at this location. At no cost to the taxpayers, NH DOT surveyed the Lamprey Cemetery with Ground Penetrating Radar (GPR) to look for any disturbances within the ground on the front side of the cemetery facing Province Road. No trace of disturbances was found at the Lamprey Cemetery Site, giving the Trustee's rested assurance that no disturbances will occur when restoring this side of the retaining wall. The Trustee's decided to put the project out to bid in the spring of 2009, and begins to utilize the funds set aside for this project. It is also the intent of the Trustee's to look into placing a small retaining wall in front of the Farrar Cemetery located on Province Road in order to avoid further erosion, and stone damage issues.

Half of the Cemetery Signs have been completed by Paul Stanley of Belmont, and Jacob Biggs a Belmont, NH Eagle Scout has volunteered to erect the signs using donated posts, concrete, and brackets. The Trustee's visited each cemetery in the fall placing markers in the location of where they will be erected in the spring of 2009. Head stones were replaced or repaired at the Highland Cemetery located on Church Street, the Perkins Cemetery located on Perkins Road, and the Jamestown Cemetery on Jamestown Road by Laconia Monument. The Trustee's will be replacing all stones at the Page Cemetery located on Lamprey Road, and addressing problems with sink holes throughout the entire cemetery. This cemetery is one of the worst cemeteries in need of repair at this time. Research is almost complete on all cemeteries held by the Trustee's in an attempt determine ownership or right of way to each cemetery. We have found a significant number of cemeteries that the Town does maintain, but do not have a Right of Way or means access to. The Trustee's will meet with owners during the 2009 Calendar Year to try and obtain some form of access to those cemeteries currently having such issues.

We hope to continue to move forward in the 2009 Calendar year, and thank taxpayers for their continued support in keeping our founding citizens of Belmont in their sacred burial grounds. Please visit www.belmontnh.net to view the list of Town Cemeteries and their occupants.

BELMONT PLANNING BOARD
ANNUAL REPORT – 2008
www.belmontnh.org

The economy continues to minimize new development proposals within the community although earlier developments progressed in 2008 resulting in the creation of 37 new residential lots/sites on Horne and Durrell Mountain Roads and the completed construction of a 32-unit multi-family project on Province Road. Financial matters have taken a front seat for residents and businesses alike, but issues such as future growth and its impact on the community continue to be a source of concern. Other major residential developments previously approved, including Johngis Realty on Province Road and Mountain Lake on Mile Hill Road have yet to break ground.

Commercial proposals brought before the Board in 2008 were minor in nature with the exception of a new 2,800sf professional office on Daniel Webster Highway to house Johnson Dental. The Board welcomes these new businesses to the community.

One Earth Excavation site was re-permitted and one site received amendments to previous operational conditions. The Board has begun public hearings for the revision and combination of existing Excavation rules found in the Belmont Site Plan and Earth Excavation Regulations and RSA 155-E. The Board appreciates the proactive assistance they have received from local excavators to assure

that the process is effective and efficient. Work on these revisions will continue in 2009.

may result.

A significant amount of time was spent in 2008 on administrative oversight for the Realty Resources 32-unit multi-family affordable housing project recently completed on Province Road. The project provides much needed housing within the community and the region. However, it is also the largest multi-family project constructed in the community since 1988 and service providers within the community must consider impacts that

Road construction for the approved major subdivision, BBE Realty on Sargent Lake Road continued and was primarily completed for Sunlake Village on Rte 3, Woodland Drive and Tioga Ridge on Wild Acres/Grimstone Drive.

NH DOT completed the majority of the Rte 3 corridor improvements. Businesses located along the corridor were greatly impacted during the long construction process and the Board appreciates their patience in making these improvements. NH DOT road resurfacing with some lane turning enhancements at the Rte 106/Rte 140 intersection has commenced and is scheduled to be completed in 2009. Especially the installation of turning lanes should greatly enhance the ability of traffic to move easily through this intersection.

As part of the Rte 106/Rte 140 project, a sidewalk will be installed from the intersection westerly beyond the fire station and easterly part-way up the hill. The Town proposes to complete both ends of this sidewalk so that it will run from the elementary school to the existing sidewalk on Main Street by the Church to provide safe access for pedestrians travelling to and from the school.

In an effort to continually improve the service provided to the public a Land Use Customer Satisfaction Survey has been developed. It is provided to customers and is also available in the Town Hall and at <http://belmontnh.org/docs/ords&apps/CustomerSerQuest.pdf>. The Board appreciates receiving the comments and suggestions that are submitted.

In March the Board recommended the adoption of an Aquifer Protection Ordinance, the reduction of free-standing signage, and amendments to the Flood Plain Ordinance. Voters adopted those amendments. An inspection program for businesses located on the Aquifer has been developed and 63 businesses have successfully completed this initial inspection. The Board thanks Code Enforcement Officer Steven Dalton for his work on this project and the many business owners who are proactive in their efforts to protect Belmont's water quality. The Conservation Commission drafted an Aquifer Protection Handout which is available with building permit applications and from the Land Use Office.

In March Alternate Member Russ Davis was elected as a full member. The Board welcomes William Otto as an Alternate Member. One Alternate vacancy exists. A Land Use Board membership application is available on the website or in the Land Use Office for anyone interested in serving.

Additional projects include:

- Members and staff have participated in the new Economic Development Committee appointed by the Board of Selectmen
- Website updates are currently being drafted to provide sufficient room for “Latest News” and “Upcoming Events”
- Planning Board hosted Spring joint meeting of several Boards and Commissions
- Annual Capital Improvements Program update provided to Selectmen and Budget Committee for use during 2009 budget development
- Participation in the third Tri-Town Aquifer Protection project with Tilton and Northfield
- Several enforcement activities for violations where compliance cannot be achieved
- Review of Regional Impact proposal for an Ethanol facility in Laconia at the Belmont Town Line
- Continued cooperative efforts with NH DES regarding the implementation of the State’s new Shoreland Protection Regulations impacting properties within 250’ of the shores of Winnisquam, Silver and Sargent Lakes and Pout and Clough Ponds.
- Working with the City of Laconia and a Laconia developer on improvements to be made to Old Prescott Hill Road in Belmont

More information on Land Use, minutes of past meetings, future meeting dates, data files and reports and a list of both elected and appointed positions can be accessed at the Land Use Office, 143 Main Street, PO Box 310, Belmont, NH 03220, (603)267-8300x19, (603)267-8307-fax, by e-mail to landuse@belmontnh.org, and on the Town’s website.

FOR TOWN ANNUAL REPORT LAKES REGION PLANNING COMMISSION 2007 – 2008 (FY-08)

The Lakes Region continues to grow and evolve. Homes and businesses have expanded along major roadways, and many of our communities have experienced dramatic changes. The Lakes Region Planning Commission (LRPC) is an organization established to provide area communities and region with the capability to respond to and shape the pressures of change in a purposeful way. With a service area covering over 1,200 square miles in Belknap, Carroll, Grafton and Merrimack Counties, the LRPC provides a wide range of planning services to member municipalities. The Commission offers direct and support services including technical assistance, geographic information systems, transportation planning, land use, environmental planning, hazard planning and economic development. Local, state, and federal resources primarily fund the LRPC. We also maintain a regular dialogue with state agencies as a resource for the entire Lakes Region. Our overall goal is to provide support, knowledge, and leadership to the governments, businesses, and citizens of the Lakes Region.

Below are some of the focus areas and services provided on behalf of the town of Belmont and the region in the past fiscal year:

LOCAL

- ❖ Responded to questions from local officials regarding the NH Department of Transportation (DOT) Transportation Enhancement process.
- ❖ Completed a detailed road inventory of the town.
- ❖ Printed town zoning maps for review by local officials.
- ❖ Updated town data and maps using GIS.
- ❖ Distributed many copies of the NH Planning and Land Use Regulation books to member planning boards at considerable savings.
- ❖ Organized and hosted three public Municipal Law Lectures, in cooperation with the NH Local Government Center, where practicing attorneys provide a legal perspective on local planning, zoning, and other municipal issues.

LAND USE

- ❖ Responded daily to requests from local communities for land use, transportation, environmental, and other information and guidance.
- ❖ Prepared master plans, capital improvement programs, zoning ordinances, subdivision regulations, and related services for several communities.
- ❖ Maintained circuit rider planning services for municipalities interested in assistance with development proposals.
- ❖ Developed a website of electronic documents to facilitate the outreach/education component of the *Innovative Land Use Guide* project, completed by the nine regional planning commissions and the NH Department of Environmental Services.

ALEXANDRIA • ALTON • ANDOVER • ASHLAND • BARNSTEAD • BELMONT • BRIDGEWATER • BRISTOL • CENTER HARBOR • DANBURY
EFFINGHAM • FRANKLIN • FREEDOM • GILFORD • GILMANTON • HEBRON • HILL • HOLDERNESS • LACONIA • MEREDITH • MOULTONBOROUGH
NEW HAMPTON • NORTHFIELD • OSSISPEE • SANBORNTON • SANDWICH • TAMWORTH • TILTON • TUFTONBORO • WOLFEBORO

TRANSPORTATION

- ❖ Developed an update of the top regional transportation priorities, in cooperation with area communities, and submitted them to the NHDOT for review and consideration.
- ❖ Convened several meetings of the LRPC Transportation Advisory Committee (TAC) to enhance local involvement in transportation planning and project development.
- ❖ Conducted over 160 traffic counts around the region and prepared and updated several local road inventories, on a town-by-town basis, that will be used by the DOT and the municipalities.
- ❖ Presented testimony to the Governor's Advisory Commission on Intermodal Transportation to retain all Lakes Region projects in the state's Ten Year Plan.

HOUSING

- ❖ Completed and distributed the 2008 Development Activity in the Lakes Region report on Lakes Region residential and commercial development trends. Prepared and distributed a new development survey for 2008-2009.
- ❖ Staff became qualified by the NH Housing Finance Authority to help communities implement the new Workforce Housing Law.

ECONOMIC DEVELOPMENT

- ❖ Awarded \$50,000 from the U.S. Economic Development Administration to prepare a Comprehensive Economic Development Strategy (CEDS) for the Lakes Region. An approved CEDS will provide communities with access to EDA funding for infrastructure and economic development projects.
- ❖ Continue to work with area economic development groups including Belknap County Economic Development Council, Grafton County Economic Development Council, Franklin Business and Industrial Development Corporation, and the Wentworth Economic Development Council.

NATURAL RESOURCES

- ❖ Planned and coordinated the 22nd annual household hazardous waste collection in the Lakes Region with 1,500 households from 23 communities participating at 8 collection sites. An estimated 19,000 total gallons of waste were collected, containerized, and transported to EPA approved end-of-life locations.
- ❖ Continue to provide assistance to the Pemigewasset Local River Advisory Committee.
- ❖ Participated in a number of meetings related to: source water protection, proper disposal of pharmaceuticals and personal care products, low impact development benefits to ground water, and how to implement ground water protection ordinances with municipalities.
- ❖ Continue to represent the region at meetings of the Lakes Region Household Hazardous Product Facility to explore the ways and means the facility may encourage other communities to participate.
- ❖ Created a series of web pages to provide an overview of various energy topics including: solar, geothermal, biomass, wind, and hydro-power.
- ❖ Hosted a training session for Volunteer River Assessment Program (VRAP) water quality monitors.
- ❖ Received funding assistance from the NH Department of Environmental Services to conduct the first phase of the Lakes Winnepesaukee Watershed Management Plan. Project partners include Lake

Winnepesaukee Watershed Association, the University of New Hampshire, Plymouth State University, and the North Country Resource Conservation and Development Area Council.

NATURAL HAZARDS

- ❖ Secured funding from the NH Department of Homeland Security and Emergency Management (HSEM) to prepare all hazard management plans for Lakes Region communities.
- ❖ Attended training to prepare local emergency operation plans (LEOP).

REGIONAL CONCERNS

- ❖ Completed an overhaul of the LRPC website, www.lakesrpc.org, added many new features to facilitate access to on-line images for each municipality, recent publications, latest news, etc.
- ❖ Convened six Commission meetings that featured a diverse range of topics: NH Rail Transit Authority, the Downeaster, NH Rail Service, and Next Steps; Viewshed Management and Steep Slope Protection in the Lakes Region; Incentives for Housing, Smart Growth, and Conservation; Transportation Plans/Projects; Comprehensive Shoreland Protection Act: Its Future and Current Status.
- ❖ Reviewed project proposals through the NH Intergovernmental Review Agreement having a combined investment total greater than \$55 million in the Lakes Region.

REPORT TO THE PEOPLE OF DISTRICT ONE BY EXECUTIVE COUNCILOR, RAY BURTON

*Executive Councilor
District One*

As I start my 31st and 32nd years of service to this large Northern Council District, I am hopeful and excited for new opportunities for rural America. With a new administration in Washington new economic programs are in the future. Our role at the state, county and local level is to have justified applications that will be used to stimulate job retention and creation. County and regional economic development councils coupled with community action agencies will be putting these new initiatives to work.

The NH Congressional Delegation- Senator Judd Gregg, Senator Jeanne Shaheen, Congressman Paul Hodes and Congresswoman Carol Shea Porter joining other Northeastern states of Maine, Vermont, New York and other New England Congressman can cause new resources to become available. I urge that we, at the state, county and local levels of government, step up with our concerns and let them know our needs.

2009 will start another year of the 10-year NH Highway Transportation Planning process working through the Regional Planning Commissions. Transportation Enhancement and Congestion Mitigation Air quality grants are back in play. Contact William Watson at NH DOT for details at 271-3344 or bwatson@dot.state.nh.us.

The 2009 session of the NH House and Senate will be a trying time with proposed cutbacks and how to still provide and meet constitutional and statutory needs. Be watchful of proposed legislation passing costs to county and local levels of government. Stay close to your local state senator and house members.

The Governor and Council are always looking for volunteers to serve on the dozens of boards and commissions. If you are interested please send your resume to Governor John Lynch, State House, 107 North Main Street, Concord, NH 03301 attention Jennifer Kuzma Director of Appointments/Liasion or at (603) 271-2121.

A complete list is available at the NH Secretary of State website at www.sos.nh.gov/redbook/index.htm

My office has available informational items; NH Constitutions, tourist maps, consumer handbooks, etc. I send, via email, a Monday morning schedule. Send me your email address to be added to the list if you'd like at rburton@nh.gov.

Please contact my office anytime I can be of assistance to you.

Joint Loss Management Committee
2008 Annual Report

The Mission Statement of the Joint Loss Management Committee:

The mission of the Joint Loss Management Committee is to promote, develop and practice, through all available resources, a safe and healthy work environment for all employees.

The Joint Loss Management Committee was developed and implemented in 1998, the primary objective was to achieve compliance with the State of New Hampshire Department of Labor, Chapter RSA 281-A.

The committee works jointly with Department Heads and employees to evaluate, identify and correct safety issues in every aspect of the Towns business activities. We continue to perform annual semi annual inspections in all Town Facilities. The Committee currently operates on an annual budget of \$3,000.00, this is a level funded budget compared FY2007. These monies are primarily used for the implementation of new safety procedures, machine guarding requirements not previously identified during the budget development process, Committee Member and employee compliance training.

This year the Committee completely re-wrote the Safety Manual, which was accepted by the Board of Selectmen. The Committee accomplished its goal of making the document easy to read, user friendly and an accurate account of how safety and health is managed in the Town of Belmont.

The Committee has also reduced its membership to four (4) management representatives and four (4) employee members in accordance with the State of New Hampshire, Department of Labor, 1400 and 1401. The Committee feels that this will allow for a faster response and conclusion to issues that develop through out the year. This year the Committee purchased Safety devices for Highway Department, Police Department, and Fire Department in order for the Departments to meet the requirements of a recently accepted Federal Law State by the New Hampshire Department of Labor.

Thank you to all current and past committee members and select boards for their commitment, support and dedication in making the Town of Belmont a safe and healthy workplace for all employees.

Selectmen's Corner 2008

2008 was a record year for snowfall, tornados, heavy rain and lastly the ice storm of early December; our community persevered through each of Mother Nature's worst with little or no damage. Many of our Lakes Region neighbors suffered significant damage and financial burden on their annual budgets. We would like to express our thanks to the many volunteers who helped during these very trying times; Belmont residents exemplify neighbor helping neighbor.

At our Annual Town Meeting in March 2008, voters adopted Senate Bill 2 (SB2) as a form of government and this year you will be asked to elect Town Officers and vote by official ballot on all warrant articles. We have included in this year's Town Report a Voter's Guide and sample ballot to help inform you of the many items before you for consideration. Should you have any questions prior to Tuesday, March 10, 2009, please do not hesitate to stop by Town Hall and speak with our staff.

At last year's Town Meeting voters supported the Pleasant Valley Improvements project which is well underway and we anticipate work will begin in late April on the waterline, drainage and road improvements. The Town was successful in receiving approval of a \$500,000 grant from the Community Development Block Grant program; we will combine this funding with a bond or note for the balance of the project in the amount of \$1.15 million. Every effort will be made to obtain the best possible interest rate on long-term financing as is available in today's market.

We completed successful reconstruction of Cotton Hill Road, Vineyard Way, and Union Road in 2008 as well as the preliminary culvert work on Horne Road; this work was bid in mid-February and we received very competitive bids on the work and as a result we were able to realize savings which will be applied to the proposed 2009 road projects. Projects slated for 2009 will include Horne Road and the engineering work for Bean Hill Road. We would like to thank Public Works Director Jim Fortin for his oversight on these projects; Jim worked closely with the town's engineering firm and contractor to insure quality work and the best bang for your taxpayer dollars.

In May, Carol Lacasse retired from her position as Town Clerk/Tax Collector after nine years in the position and a total of 21 years of service to the Town of Belmont. Cynthia DeRoy was appointed to fill the position and will be running on this year's ballot for election to a one-year term. Kari Dami was appointed to the position of Deputy Town Clerk/Tax Collector. The Town went on-line with the State of NH -DMV in August and many new services are available at the local level.

Projects slated for completion in 2009 include, the replacement of the waterline which runs through the intersection of Route 140 and Route 106, new sidewalks are to be constructed from the existing end on Main Street to the Belmont Elementary School, and existing sidewalks in the downtown will be refurbished. Road reconstruction, overlay and maintenance will continue and the Pleasant Valley project will be completed. We also anticipate continuing our Economic Development initiatives in 2009.

Selectmen's Corner 2008

We would like to thank the Town Employees for their hard work this past year, and we look forward to the challenges that we will face in 2009.

We would like to recognize Selectman Reginald Caldwell for his years of dedication to the Town of Belmont, having served on the Planning Board, Budget Committee and for the past nine years as a member of our Board. His commitment and level headedness will be missed by all who have served with him over the years. We sincerely hope he enjoys his evenings at home.

Respectfully submitted,

Belmont Board of Selectmen

Town Clerk/Tax Collector's Office
2008 Annual Report

2008 brought a lot of changes to the Town Clerk / Tax Collector's department.

Carol Lacasse, long time Town Clerk / Tax Collector retired May 31, 2008. Deputy Town Clerk / Tax Collector Cynthia M. DeRoy, a Belmont High School graduate and lifelong Belmont resident was appointed by the Board of Selectmen on June 2nd to fulfill Carol's remaining one year term and in August of 2008 she received her certification from the State of New Hampshire to become a Certified Tax Collector.

The first order of business was to hire a Deputy Town Clerk / Tax Collector. On June 2, 2008 Kari L. Dami started and came to the office with 20 years of office experience, is a resident of Belmont and a graduate of Belmont High School.

Terri Ralls, our 12 year veteran welcomed us and all the new changes within the office.

With help from the Public Works Department, we gave the office a new look by rearranging the desks to face the public. We prepared our residents and ourselves to go on line with the State of New Hampshire for registrations. We would like to thank all the residents for their understanding and patience during this transition period.

By being on line with the State brings the opportunity for this department to offer on-line renewal registrations in 2009.

I personally would like to thank the Selectmen and the staff from all town departments for their help and support during this transition.

Respectfully submitted,

Cynthia M. DeRoy

SPECIAL TOWN MEETING
JANUARY 15, 2008

The Special Town Meeting was called to order at 7:00 PM in the Belmont High School cafeteria by Moderator Thomas Garfield.

The Pledge of Allegiance was recited by attendees.

Introduction of the head table was made: Selectmen Ronald Cormier, Jr., Reginald Caldwell and Jon Pike, Town Administrator K. Jeanne Beaudin, Town Attorney Walter Mitchell and Town Clerk Carol Lacasse.

The Moderator stated the rules of the Meeting – all discussion will be limited to three minutes per person; a voter may speak a second time only after all others have had the opportunity to speak. All questions are to be addressed to the Moderator. All discussion is to be limited to the subject at hand. All amendments are to be in the affirmative.

The Moderator asked that all non-voters identify themselves. There were approximately two hundred eighty (280) people present including five non-registered voters.

Article #1 was read by the Moderator.

Article #1 – To see if the Town will vote to authorize the Board of Selectmen to purchase certain real property at 154 Main Street, Belmont, identified in the town's records as Tax Map 122, Lot 008, now owned by Anthony and Loretta Brown, for the use of the town. The Selectmen have sufficient funds legally available to be expended to purchase the property, so no appropriation is required. This article is being submitted to the town meeting by the Selectmen as the result of a petition signed by at least 50 (fifty) registered voters, pursuant to the provisions of RSA 41:14-a.

Motion to accept the Article was made by George Condodemetraky, seconded by Ronald Mitchell.

Selectman Ronald Cormier, Jr., spoke of the history of how the Article came before the voters. He stated that when Northway Bank announced it was closing its Main Street branch he spoke with the other Selectmen about the opportunity to obtain the property for the Town. Several reports and charettes have focused on obtaining the property for open space. He stated there are no immediate plans for the town to raze the building. There are currently 2 units of the building with lease agreements and the income from those leases will offset any tax loss.

He stated other town boards and commissions have supported the purchase. He stated the plan was to use \$250,000 from its Capital Reserve Fund for Municipal Facilities and \$50,000 from the surplus funds to pay for the land. There would be no immediate impact on property taxes. It would be an investment for future use.

Raymond Peterson asked if there was a vault in the building. Anthony Brown, current owner stated there is a free-standing vault.

Donna Cilley was recognized. She stated she was openly opposed to acceptance of a piece of property to build a new Police Station in 2007 because of the tax loss on Industrial Property. She supports this purchase. She believes we need to secure available village land for future town buildings and use. The purchase will not affect the tax rate.

Peter Gray inquired what year the building was built and about the presence of asbestos. Jeanne Beaudin replied the building was built in the 1950's. A professional inspection was conducted and there was no asbestos present.

Ronald Cormier stated one possible use would be to move the Parks & Recreation office to the building at a savings of the rent of the current office trailers. Also the possibility of moving the Water and Sewer Department offices out of the Town Hall basement.

Robert Racette spoke against the article.

Kenneth Knowlton spoke in favor of the article. He stated if people are worried about their tax rate, they should attend the Town and School meetings.

Ronald Mitchell, Chairman of the Budget Committee spoke in favor.

Alfred Beliveau stated he has written many bitter letters against the taxes. He is, however, in favor of the purchase in order to preserve the village area.

Tina Fleming asked if we were paying fair market value for the property. Selectman Cormier replied the property is assessed at \$352,800. The property would be used as is until any final decision is made in the future. We must look at the entire property, not only the building.

Dana Chase inquired about maintenance costs, utilities and the roof. Mr. Brown replied there is a 20 year old membrane roofing system in place. The tenants pay their own heat and electricity.

George Condodemetraky spoke against the purchase. He also made several remarks deemed inappropriate by the Moderator.

Selectman Jon Pike approached the podium to offer a reply. Moderator Garfield stated these remarks were also inappropriate.

Ronald Mitchell made a motion to move the Question. The motion was seconded and passed by a voice vote.

Moderator Garfield announced he had received a petition for a secret ballot vote.

Article #1 was re-read by the Moderator. He announced the polls would remain Open until everyone present had the opportunity to vote plus a few more minutes.

The Polls were opened at 7:56 PM and closed at 8:50 PM

A total of 277 votes were cast. The results were as follows:

YES 134 votes

NO 143 votes

Moderator Thomas Garfield announced the Article Fails.

Moderator Garfield read Article #2.

Article #2: To transact any other business that may legally come before the meeting.

There was no additional business to come before the meeting.

Motion to adjourn was made by George Condodemetraky, seconded by Robert Racette. Motion carried by voice vote.

The Special Town Meeting was adjourned at 9:30 PM.

Selectman Ronald Cormier, Jr. read the dedication of the 2007 Annual Town Report to three long time employees who retired during the year: Chief Richard Siegel with twenty-six years of service to the Fire Department, Jim Marden with forty-two plus years with the Public Works Department and Sargent Charles O'Connor after eighteen years of service to the Belmont Police Department. He also dedicated the Report to the memory of Jeff Marden. The Town Forest was recently dedicated in Jeff's name and is highlighted on this year's Town Report cover.

Fire Chief James Davis recognized call personnel for over 300 hours of individual service to the Town this year:

Division Chief Brad Lawrence	726 hours
Division Chief Kevin Nugent	315 hours

Lt. James Girard	490 hours
Firefighter Albert Akerstrom	873 hours
Firefighter Steve Dalton	318 hours

Selectman Cormier extended a thank you to the Public Works Department for their long hours of service this year.

Article #1. To see if the Town will vote to raise and appropriate the sum of one million five hundred thousand dollars (\$1,500,000) for the purpose of replacing 6,200 feet of water and drainage lines and the repair/replacement of the roadway within Pleasant Valley including engineering costs, acquisition of land or interests in land and all other costs reasonably associated with this project and to authorize the issuance of bonds or notes in the amount of one million dollars (\$1,000,000) in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The balance of five hundred thousand dollars (\$500,000) to come from the Community Development Block Grant Program, or from similar grants, with no amount of the balance to be raised by taxes. (2/3 Ballot Vote Required)

(The Budget Committee recommends **\$1,500,000** and the Board of Selectmen supports this recommendation.)

Moderator Thomas Garfield read Article #1. Motion to accept was made by Kenneth Ellis, seconded by Kerry Bergeron.

Travis Colby stated that Pleasant Valley was originally a trailer park and the residents should go after the developer to correct any problems.

Selectman Jon Pike responded that Pleasant Valley is not and has never been a trailer park.

Lois Parris, Brenda Walker, Amy Hall, Wade Burchell, Brian Bundy and Robert Stevens all spoke in favor of the Article.

Selectman Ronald Cormer made a motion to amend Article #1 to read: "To see if the Town will vote to raise and appropriate the sum of **one million six hundred an fifty thousand dollars (\$1,650,000)** for the purpose of replacing 6,200 feet of water and drainage lines and the repair/replacement of the roadway within Pleasant Valley including engineering costs, acquisition of land or interests in land and all other costs reasonably associated with this project and to authorize the issuance of bonds or notes in the amount of one million one hundred and fifty thousand dollars (\$1,150,000) in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The balance of five hundred thousand dollars (\$500,000) to come from the Community Development Block Grant Program,

or from similar grants, with no amount of the balance to be raised by taxes. (2/3 Ballot Vote Required). Amendment was seconded by Donald McLelland, Sr.

David Morse stated he has no problem with the water and road work but has issues with the drainage portion.

Kenneth Knowlton stated he believes the Water Commission should handle the water problems. Selectman Cormier replied that to qualify for the grant the water portion must be included.

Amendment passed by standing vote.

Article #1, as amended, was re-read by the Moderator. The polls were declared open at 10:53 AM. Polls closed at 11:53 AM.

To qualify, the person must have been a New Hampshire resident for at least 3 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$25,000, or if married, a combined net income of less than \$35,000; and own net assets not in excess of \$100,000 excluding the value of the person's residence.

Article #4 was read by the Moderator. Motion to accept was made by Charles Storez, seconded by Glenda Hill.

There was no discussion. Article #4 passed by voice vote.

Article #5. To see if the Town will videotape Board of Selectmen meetings for the purpose of cablecasting on Lakes Region Public Access Television, to keep citizens informed. Further, to authorize the Board of Selectmen to appropriate up to \$5,000 from the 2008 cable franchise fees collected to acquire the necessary equipment and training. (This article submitted by Petition.)

(The Budget Committee recommends **\$5,000** and the Board of Selectmen support this recommendation.)

Article #5 was read by the Moderator. Motion to accept was made by Kerry Bergeron, seconded by Linda Frawley.

Selectman Cormier spoke in favor of the article, he believes it is necessary to keep the voters informed.

David Morse stated it is imperative with the passage of SB-2 to make more information available to the voters. He is in favor of the article.

Article #5 carried by voice vote.

Article #6. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of acquiring Public Safety Vehicles and Equipment, and to raise and appropriate the sum of five hundred and thirty thousand Dollars (\$530,000) to be placed in this fund, and further, to designate the Selectmen as agents to expend money from this fund.

(The Budget Committee recommends **\$530,000** and the Board of Selectmen support this recommendation.)

Article #6 was read by the Moderator. Motion to accept was made by Preston Tuthill, seconded by Kenneth Knowlton.

Selectman Ronald Cormier stated this article was created as a result to a request to expand the use of the Comstar Fund.

David Morse stated he supports the article in principle but questions the Selectmen as agents and does not allow voter input on expenditures. He submitted an amendment to designate the use of funds by town majority vote. The amendment was seconded by Kerry Bergeron.

Wade Burchell spoke against the amended version of Article #6.

Ronald Mitchell spoke in favor of the Amendment stating there is too much money to be spent at the Selectmen's discretion. The Budget Committee and voters should have input.

Preston Tuthill also spoke in favor of the amended article.

Moderator Garfield re-read the amended Article #6.

A standing vote on the amendment was held. There were 97 yes votes and 76 no votes. Amendment passed.

Donald McLelland stated he has a problem with the monies going into the General Fund. What protection is in place that monies will be reserved for the purpose established?

Selectman Cormier replied that Capital Reserve Funds are voted yearly. An article would be on the ballot to appropriate funds for vehicle purchases.

Alfred Fecteau inquired what would happen if Article 6 fails? Selectman Cormier responded we will still have the Comstar fund and will have to vote on monies to fund Article #6.

A Motion to table article #6 was made by Jon Pike, seconded by Helen McSheffrey.

Motion to table carried by voice vote.

Article #7. Shall we rescind the provisions of RSA 31:95-c to restrict all revenues from ambulance billings to be placed in the Comstar Fund for expenditures for the purpose of replacement and repair of fire and ambulance apparatus and equipment? If this article is adopted, the outstanding amount of principal and accumulated interest in the Comstar Fund shall be paid into the town's general fund. **This article is submitted by the Board of Selectmen; to be voted upon only if Article # 6 above passes.**

No action taken.

Article #8. To see if the Town will vote to raise and appropriate the sum of Two Hundred Thousand Dollars (\$200,000) for the purpose of purchasing and equipping a 1988 E-One 95' Ladder Truck, and to authorize the withdrawal of that sum from the Public Safety Vehicles and Equipment Capital Reserve Fund previously established.

(The Budget Committee recommends **\$200,000** and the Board of Selectmen support this recommendation.)

No action taken.

Article #9. To see if the Town will vote to raise and appropriate the sum of One Hundred and Fifty Thousand Dollars (\$150,000) for the purpose of purchasing and equipping a new ambulance and to authorize the withdrawal of that sum from the Public Safety Vehicles and Equipment Capital Reserve Fund previously established.

No action taken.

Article #10. To see if the Town will vote to raise and appropriate the sum of Sixty Five Thousand dollars (\$65,000) for the purpose of purchasing and equipping two new Police Vehicles and to authorize the withdrawal of that sum from the Public Safety Vehicles and Equipment Capital Reserve Fund previously established.

(The Budget Committee recommends **\$65,000** and the Board of Selectmen support this recommendation.)

No action taken.

Article #11. To see if the Town will vote to raise and appropriate the sum of Two Hundred Thousand Dollars (\$200,000) for the purpose of purchasing a 1988 E-One 95' Ladder Truck and to fund this appropriation by authorizing the withdrawal of said amount from the Fire/Ambulance Equipment and Apparatus Special Revenue Fund previously established in accordance with RSA 31:95, C (Created 1994/Amended 1999). **(This article to be voted upon only if Article # 7 above fails or is tabled.)**

(The Budget Committee recommends **\$200,000** and the Board of Selectmen support this recommendation.)

Article #11 was read by the Moderator. Motion to accept by Charles Storez, seconded by Kerry Bergeron.

Donna Cilley opposed the purchase of a 20 year old piece of equipment.

James Keegal spoke in favor.

Fire Chief James Davis stated the department currently has a 1988 truck (Engine #1) and a 1983 (Engine #4) which is due for replacement. The proposed ladder truck has been refurbished by the dealer and is adequate for 7 to 10 years of service. He speaks in favor.

Budget Committee Chair, Ronald Mitchell stated interest costs for the new ladder truck proposed last year would be over the \$200,000 level. The used truck fills the need for 7-10 years. He is in favor.

Albert Akerstrom made a motion to move the question, seconded by Kerry Bergeron. Article #11 passed by voice vote.

Article #12. To see if the Town will vote to raise and appropriate the sum of One Hundred and Fifty Thousand Dollars (\$150,000) for the purpose of purchasing a new ambulance and to fund this appropriation by authorizing the withdrawal of said amount from the Fire/Ambulance Equipment and Apparatus Special Revenue Fund previously established in accordance with RSA 31:95, C (Created 1994/Amended 1999). **(This article to be voted upon only if Article # 7 above fails or is tabled.)**

Moderator Garfield read amended article. Article #16 passed by voice vote.

Article #17. To see if the Town will vote to raise and appropriate the sum of one hundred and sixty two thousand seven hundred and forty four dollars (\$162,744) for the reconstruction of highways, said appropriation to be funded by \$162,744 from Highway Block Grant funds provided by the State of New Hampshire.

(The Budget Committee recommends **\$162,744** and the Board of Selectmen support this recommendation.)

Article #17 was read by the Moderator. Motion to accept was made by Charles Storez, seconded by Kerry Bergeron.

There was no discussion, Article 17 carried by voice vote.

Article #18. To see if the Town will vote to raise and appropriate the sum of six million five hundred and twenty two thousand dollars (\$6,522,000), which represents the operating budget and is exclusive of all special and individual warrant articles.

(The Budget Committee recommends **\$6,522,000** and the Board of Selectmen recommends **\$6,529,000**)

The members thank Alfred Beliveau who left the Board in 2008 and are pleased to welcome Marshall Ford who was elected in March. There are currently three Alternate member positions available. Alternates serve a very important role on the Board and participate as voting members on a frequent basis. A Land Use Board membership application is available on the website or in the Land Use Office for anyone interested in serving. No previous Land Use experience is necessary.

More information on Land Use, minutes of past meetings, future meeting dates, data files and reports and a list of both elected and appointed positions can be accessed at the Land Use Office, 143 Main Street, PO Box 310, Belmont, NH 03220, (603)267-8300x19, (603)267-8307-fax, by e-mail to landuse@belmontnh.org, and on the Town's website.

Thank you for your continued support,

General Assistance 2008 Annual Report

As in 2007, the General Assistance Department was challenged again with a record number of new cases. With the economy slow down, lack of full time sustainable employment, gasoline and oil prices far beyond reach, many individuals were forced with making challenging decisions, whether to purchase home heating oil, or pay rent. As a result of this, the General Assistance budget represents the largest increase in heating oil assistance in the history of Belmont.

When the demands of employment and other social pressures surface due to the lack of sustainable employment and the falling economy the department experiences a very large number of mental health and substance abuse cases. These cases come with very complex issues that represent a lot of staff time and department money. Individuals suffering from mental illness will expect to wait eight to twelve months before potentially being approved for Medicaid. Many individuals addressing substance abuse issues are in this category as well, which represents why a lack of treatment and after support services for individuals suffering from alcoholism and substance abuse addiction is challenged. The complexity of these cases combined with a cost of living much higher than the substandard wages that these individuals are faced with leave the town with an astounding financial obligation under RSA 165.

All applicants must have exhausted all other economic resources to be granted town assistance. It is and always will be the goal of the General Assistance Department to help it's residents gain control over their lives and help them transition though very challenging times.

I would like to thank our local Church Community, the Belmont Rotary Club, outside social service agencies, and the St. Vincent DePaul Society for always being there when we need them.

Respectfully submitted,

Donna J. Cilley

Donna J. Cilley
General Assistance Director

Public Works 2008 Annual Report

As you can imagine with the record setting snowfall of 07- 08 winter season our department was very busy. With more storms than we care to count our resources were stretched to their limit. The men had to be called out 47 times last winter, that's over and above their regular work day. It took its toll on all our resources, men, equipment and material. However, when it was all said and done we survived it and did so while staying within our budget.

As for the summer work we had an ambitious schedule with contracted roadwork and projects of our own. This was the first year of which we hope to be many years of road reconstruction around town. The roads reconstructed were Cotton Hill, Vineyard Way, Union Road from Bean Hill to Rt. 3 and most culverts on Horne Road. Projects we took on were roads that were less severe, needing ditching, culvert replacement and adding gravel along with repaving. These were Hunter Court, Grimstone Drive, Wild Acres Road and a portion of Middle Route and Hurricane Road. We also cut brush on 11 miles of road and will continue this endless job annually. We also concentrated on problem areas we kept having to go back to repair. We took on these areas by ditching and stoning and sometimes paving them; all in hopes of solving the problem once and for all.

We understand that with the road work being done that there are inconveniences and delays due to traffic problems among other things. We ask for your patience and understanding, we are doing our best.

All this work was completed under budget and we are satisfied with the results. We hope to continue forward with new projects every year at a pace that will not burden the taxpayer, while improving our roadways.

I would like to thank the Police Department for all their help throughout the year and also the Fire Department. Most of all I would like to thank the employees' of the Highway Department for an outstanding job done this year. They are the best around.

Respectfully submitted,

Jim Fortin

James Fortin
Director of Public Works

No parking on town streets during the winter season.

Make sure your mailbox is secure and in good condition meeting the post office height requirements of 42". Please no plastic mailboxes, this is New Hampshire.

We are making a conscious effort to reduce our tonnage of salt used on the roads due to the 25% increase in cost. Please take care in winter time driving.

Sewer Department 2008 Annual Report

The Sewer Department has had a typical year with the replacement of various electrical components to our pump stations as they get older. We also replaced our maintenance truck that was 10 years old and had over 100,000 miles on it. We belong to the Winnepesaukee River Basin Project. The treatment plant in Franklin is now over 30 years old and in need of updating. We can expect increases in their bills to us in the future years. The EPA is requiring more and more paperwork every year. Our rates are still by far the lowest in the area. In the event of questions or concerns regarding your sewer bill or any other sewer related matter, please do not hesitate to contact Sewer Superintendant Frank Clairmont at 267-8312.

BELMONT WATER DEPARTMENT ANNUAL REPORT 2008

The end of 2007 saw the beginning of our Well #3 project with the drilling commencing in early winter. In January 2008, the well had been drilled and a pumping test was administered. The results were very promising for both production, and water quality. As of September 10, 2008, NHDES has approved Well#3 as an acceptable source for drinking water in the Belmont System. We will now proceed with final engineering and construction, and expect the well to be online in early 2009.

We have proceeded forward with the Pleasant Valley Estates project in conjunction with the Selectmen's office, and DPW. A feasibility study was executed by Horizons Engineering firm with a \$15,000 grant received from CDBG. It has been decisively concluded to be feasible. Stantec Engineering was chosen to design the improvements, and a \$500,000.00 CDBG grant has been approved! It was great to see our taxpayers rally around their neighbors.

A water rate study was performed for the Water Department by Underwood Engineering. With the repair of 174 water meters, we now had factual consumption data. Rising costs of materials coupled with the recent debt for the Route 3 project, and Well #3 revealed that a 60% increase was necessary for the department to generate offset revenue equal to or greater than our operational budget. We appreciate the understanding shown by residents during these hard times.

765 linear ft. of chain link fence was installed by Superior Fence at the production wells and treatment facility in the Pout Pond area. A NHDES grant was awarded to BWD for all labor cost of \$4,400 for this security enhancement. The addition of this fencing makes it impossible for wheeled vehicles of any size to travel in the well field, yet leaves the pond area open to be appreciated by outdoor enthusiasts

A new magnetic flow meter was installed at the treatment facility. The replacement of the existing meter was necessary, as it was unable to be properly calibrated, resulting in inconsistent data.

NHDOT decided to stay in Town a while after the Route 3 project, and rebuild the Route 106/140 intersection. Unfortunately, we again have conflicts with their designs for drainage, similar to the situation we had on Route 3, however, less planning time, and an even more stringent budget. We hope to use this opportunity to make some improvements to the water infrastructure in that area.

A catalog system for our fire hydrants was devised. Each hydrant has been issued a number, visible at a glance. The numbers correspond with a spreadsheet itemizing locations,

gallons per minute and other technical data. This will be an excellent tool for communications between Water, Fire, Police and Mutual Aid personnel.

A distribution system leak detection survey was performed by staff and representatives from the Granite State Rural Water Association. No leaks were found. Our estimated "unaccounted for/lost" water is at a range well below acceptable by industry standards.

32 water meters were installed, repaired or replaced in 2008.

19 Water breaks have occurred; 14 municipal, 5 residential.

2009 promises to be another very productive year with 3 major projects scheduled. If you have any questions or comments for the Water Department, our office is located downstairs at Town Hall, and our phone is 267-8301. Please call or stop in.

2008 FIRE DEPARTMENT ANNUAL REPORT

The year 2008 has marked my first full year as Chief and I would say it was a very busy year. The department responded to 1372 emergencies or calls for service which would account for an average of 3.7 calls per day. This total would be slightly down from 2007 but with that said, the calls we seem to be getting are of a larger nature and become more resource intensive. Unfortunately we had some major incidents in and around our community, a few being the 3rd alarm fire on Durrell Mt. Rd. in June and the September fatal fire on Champagne Ave. along with the ice storm in December. The fatal fire in September is the first one in over 20 years in this community and we would all hope this would be the last, since life safety is our number one priority.

In the middle part of May we received the used Ladder Truck that was voted upon at Town Meeting. All of our personnel got exclusive training from a factory representative of the truck manufacturer on its operation. The truck has performed admirably when it has been put to the task and we feel that it has become a valuable asset to the department and the community. Toward the end of August we were delivered the new Ambulance that was also voted upon at Town Meeting. The arrival of the unit was a welcome sight because of the demand on the older units is ever increasing due to 60% of our calls being EMS related. I would like to thank our Ambulance committee that did a terrific job in putting together a cost effective and efficient piece of equipment that will serve the Town for many years to come.

Our Fire Inspection program is ongoing and we continue to conduct Fire Safety Inspections in businesses and homes. We would ask that you have your chimney and heating units cleaned and serviced by professionals to avoid having unsafe conditions occur in the future. Never hesitate to call us if you have any questions about fire safety or would like us to inspect your home or business. The senior citizen smoke detector program that was run in October with other area fire departments was again a big success. If you or someone you know needs a detector, please call the station. Remember,

We again participated in the WLNH Children's Auction. We raised a total \$3,700.00 in the annual boot drive at the Belknap Mall on a cold day in November. I thank all of our members that helped for such a great cause.

The Call Company personnel have put in more than 5,200 hours in emergency medical and fire calls for the year and continue to display their dedication and commitment to the Town everyday. Our training continues to be twice a month to maintain their different levels of certification and the departments' requirements. Listed below, as we do every year are the members that have put in over 300 hours of service to the community.

Division Chief Brad Lawrence	578 hours
Lt. James Girard	362 hours
FF/EMT Jason McCarthy	502 hours
FF Albert Akerstrom	708 hours
FF/EMT Eric Perron	433 hours

The live-in student program in conjunction with the Fire Science curriculum at the Community Collage is in its third year and this year we have a freshman and senior in the program. This program is also sponsored by many other Fire Departments in the area and we are pleased to be a participant.

As always, I would like to thank all the citizens of Belmont, the Board of Selectmen, Budget Committee, Town Administrator and all the Town Departments for your support throughout the year and I hope we all have a safe 2009.

EMERGENCY MANAGEMENT 2008 ANNUAL REPORT

In 2008 Emergency Management was very active with a number of occurrences either in our Community or in our mutual aid communities. Again it was a very wet year and we continue to monitor the dams and water levels in all our bodies of water in the Town. The heavy snow loads on roofs caused some problems in the early part of the year, but we only had reported to us a few structures damaged by the snow loads. We assisted the Town of Barnstead with its devastating tornado that went through their Town in July along with the Town of Ashland with its flash flooding that occurred in August. Members of our department belonging to the regional Swift Water Rescue Team responded to Ashland as well. The ice storm in December left a large part of the Town without power for as long as 30 hours and in some cases even more. We put our emergency plan into partial action and opened a shelter for a short time for residences that required assistance. We feel very fortunate that the damage was not as severe as it was in the southern part of the State. I would like to thank this department as well as the other Town departments for their dedication and commitment when an emergency occurs.

We continue to provide training and to review our plan for the Town so we may be better prepared for any natural or manmade disaster that should occur. I thank the citizens of Belmont for your continued support and never hesitate to call us in any emergency.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfi.org.

Spring fire season lasted unusually long this past year, with very high fire danger stretching into the first week of June. Once again, the rains started to fall during the summer and the fire activity was fairly light for the remainder of the year. The acreage burned was less than that of 2007. The largest forest fire during the 2008 season burned approximately 54 acres on Rattlesnake Mountain in Rumney on White Mountain National Forest property. Another 39 acre fire occurred on Mount Major in Alton during the month of April. Our statewide system of 16 fire lookout towers is credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2008 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

Belmont Police Department 2008 Annual Report

This year started off with a personal tragedy for our department. Ofc. Kier T. Slater, an officer who worked for us since September 11, 2005, died on February 9 after a sudden illness.

Kier came to us after having served in the US Navy and was also a call firefighter with the Belmont Fire Department. In his short time, Kier had become a fixture around the community and volunteered to serve as our Community Liaison Officer for our Neighborhood Watch program with the Lakes Region Cooperative. The loss of Kier, who was highly motivated, a personal friend to many and worked hard to improve his professional career is difficult, and we as a department, would like to thank the community for their support during that time. Kier leaves his two children Kiersten and Bryan.

A new department award named in his honor, the Ofc. Kier T. Slater Officer of the Year Award will be an annual award presented to an officer, chosen by his peers, who represents professionalism in our craft, dedication to their community, friends and family and/or has made significant contributions that would enhance the safety of their peers. Cpl. Adam Hawkins was selected as the first recipient of this award.

This year has again been a very active year; calls for service were down 100 from last year however arrests, incidents, crimes against people (violent crimes) and offenses (property crimes and others) are up. For the first time in years, we have seen a drop in motor vehicle accidents.

Belmont Police Department 2008 Annual Report

Above is just some of the activity for 2008 as compared to 2007. The day-to-day operations within these divisions keep each officer very busy and at times, over-burdened, so we appreciate your understanding that while sometimes we may be delayed in answering non-emergency calls, you still will receive prompt, courteous and professional attention.

Our web site continues to be updated with information such as press releases, daily logs, information on ordinances, application forms and other useful information.

The following officers received department awards in 2008

- Cpl. Adam Hawkins – 2008 Ofc. Kier T. Slater Officer of the Year Award & a Chief's Commendation for his work on a rash of vehicle thefts, thefts from vehicles and burglaries
- Ofc. Richard Bryant received a Meritorious Service Award for his work that resulted in numerous drug arrests and a second Meritorious Service Award for his work in a fatal hit and run accident
- Cpl. Stephen Akerstrom for the highest number of DWI Arrests
- Ofc. Christopher Gustafson received a Chief's Commendation for his work on a purse snatching at the Belknap Mall
- Detective Raechel Moulton received a Chief's Commendation for her work on a rash of vehicle thefts, thefts from vehicles and burglaries
- Ofc. Kevin Baron received a Chief's Commendation for his work on the Department's vehicle maintenance program and other work on the police station that saved the Town of Belmont thousands of dollars. Ofc. Baron also received a letter from the Board of Selectmen for his part in recouping almost \$6,000.00 for the disposal of old cruisers

We are very proud of these officers, as well as all the employees of the police department for their hard work throughout the year.

We look forward to continuing the quality service that you have expected from us, if we can be of service please feel free to contact us.

Sincerely,

Chief Vincent A. Baiocchetti

13th Annual Household Hazardous Waste Day
Annual Report

Household Hazardous Waste (HHW) Day collections were conducted in a safe and efficient manner on July 26, 2008 at the Belmont Fire Station. Also on August 2, 2008 at eight different locations in the Lakes Region. The annual event is coordinated by the Lakes Region Planning Commission (LRPC).

Turnout was the largest in six years with 1,659 households from twenty-three communities participating. The percentage of households that participated ranged from less than 3% in some communities to more than 7% in others; overall 4.3% of Lakes Region households participated in this year's HHW Collection.

Our survey indicates that 36% of this year's participating households had never before contributed to an HHW collection; this is consistent with what we have seen in the past. We are pleased that each year we have more new households willing to make the effort to dispose of their wastes properly.

This year an Unwanted Medications Collection was held at the Gilford site in conjunction with the HHW Collection. It was open to all residents and homeowners in the participating Lakes Region communities. The bulk of the costs associated with this was paid for by the Gilford Police Department and School District with funds from a two-year grant.

Nearly 20,000 gallons of HHW and more than 25,000 feet of fluorescent bulbs were disposed of properly. The estimated cost per Lakes Region household was \$2.19.

The cost to communities for 2009 will remain the same as it was for 2008. The next Household Hazardous Waste Collections will be held July 25, 2009 and August 1, 2009. All residents and property owners in participating communities are encouraged to take this opportunity to safely dispose of your household hazardous products.

The Belmont Board of Selectmen would like to recognize those individuals who have volunteered in helping make HHW collection day a success.

RSA 79-A:1 Declaration of Public Interest. It is hereby declared to be in the public interest to encourage the preservation of open space, thus providing a healthful and attractive outdoor environment for work and recreation of the state's citizens, maintaining the character of the state's landscape, and conserving the land, water, forest, agricultural and wildlife resources. It is further declared to be in the public interest to prevent the loss of open space due to property taxation at values incompatible with open space usage. Open space land imposes few if any costs on local government and is therefore an economic benefit to its citizens. The means for encouraging preservation of open space authorized by this chapter is the assessment of land value for property taxation on the basis of current use. It is the intent of this chapter to encourage but not to require management practices on open space lands under current use assessment.

Belmont, New Hampshire Annual Town Report 2008

Celebrating Winter

The four seasons help define our New Hampshire town. Just as the weather affects livelihood of a farm, work of the 21st century can be stopped by a storm, when Internet and other communications connectivity shut down. And no matter how strong the winter winds blow – roads need plowing, and those snow days from school will be made up later.

This coldest season offers Belmont residents an array of recreational and outdoor choices; whether making tracks in the snow, fishing for the elusive Derby winner, skiing and snowboarding, ice-skating on local ponds, or helping with the annual bird count. For “lower impact” activities, there is civic participation and local elections, tending the woodstove, readying for maple sugar time, and watching the landscape melt into spring.

Belmont’s Heritage Commission and Historical Society photo archives help us recall other local winters from the early 1900s - along with some of today’s views of that notable, longest season.

Belmont's historic bandstand celebrates its Centennial Year in 2009

This beautiful Victorian structure was featured as one of four state sites in the 2008 "This Place Matters" campaign of the National Trust for Historic Places. Members of the Belmont Rotary and other citizen volunteers decorated the bandstand for the 2008-2009 winter season.
