

# Town of Belmont, NH

## BUILDING PERMIT APPLICATION

Applications and Assistance are available in the Town Hall Land Use office (267-8300x119). Completed applications in compliance with the Ordinances and Regulations are usually processed within 14 business days. Application must be printed or typed, complete and legible. Building Plans are required and all plans and construction must be in compliance with all State of NH Codes and Regulations as well as those adopted by the Town of Belmont which include, but are not limited to, IBC, NFPA, and all Land Use Ordinances and Regulations. New or upgraded driveways, including (re)paving an existing driveway require a permit. Applicant is responsible to assure all information correct. Permits expire if not substantially acted upon within 6 months or if construction activity ceases. **INSPECTIONS REQUIRED:** Applicant is required to call the Building Inspector for all required inspections (setback, foundation, framing, rough plumbing, rough electrical, insulation and final). Failure to obtain a "certificate of occupancy/use" for ALL completed construction can/will delay the issuance of this/future permits. Fees are due with application, checks made payable to "Town of Belmont". Fees for approved applications are non-refundable. See "Frequently-Asked-Questions" at <http://belmontnh.org/docs/ords&apps/FAQsBldg.htm>.
